***

On the twenty-first day of the month of September in the year two thousand twenty-six,

in Milan at Tower A, Piazza Gae Aulenti no. 3

the extraordinary shareholders' meeting of the company

"UniCredit, società per azioni"

was held there, on a single call, at 10.00 am,

with my constant participation in the proceedings of the shareholders' meeting, in the place where it was convened.

At 10.00 am the Chair of the Board of Directors of the Company, Pietro Carlo

Padoan (hereinafter the "**Chair**"), who was physically present at the place of the meeting, stated that the Company – in accordance with the provisions of Law no. 26 of 27 February 2026, which converted, with amendments, Decree-Law no. 200 of 31 December 2025 (the so-called "Decreto Milleproroghe"), Article 4, paragraph 11, of which extended until 30 September 2026 the provisions on the holding of shareholders' meetings originally established by the Cura Italia Decree (Article 106 of Decree-Law no. 18 of 17 March 2020, converted into law with amendments by Law no. 27 of 24 April 2020) – had decided to exercise the option of providing that attendance by those entitled to attend and vote at the Shareholders' Meeting (hereinafter the "**Shareholders' Meeting**") take place exclusively through the Designated Proxy Holder referred to in Article 135-undecies of Legislative Decree no. 58/98 ("**TUF**"), without their physical participation.

The Chair declared that he was assuming the chairmanship of the Shareholders' Meeting pursuant to Article 16, paragraph 1, of the Articles of Association and welcomed those present.

Pursuant to Article 16 of the Articles of Association and Article 2375 of the Civil Code, he appointed notary Filippo Zabban to draw up the minutes of the Shareholders' Meeting in the form of a public deed.

The Chair asked the notary to read out certain announcements and guidance issued by the Chair regarding the organisational aspects of today's Shareholders' Meeting in accordance with the applicable laws, regulations and Articles of Association.

On behalf of the Chair, the notary then:

- stated that the shareholders' meeting was being held at the Company's registered office in Milan, at Tower A, Piazza Gae Aulenti no. 3, in the room named "Fabrizio Saccomanni";

- noted that:

on a single call for today, Monday, 21 September 2026, at 10.00 am, at the Company's registered office, by notice of call published on the Bank's website on 29 July 2026, as well as on the website of the authorised storage

-- as indicated in the notice of call, the Company appointed Computershare S.p.A., with registered office in Milan and offices at Via Nizza 262/73, Turin (hereinafter also “**Computershare**”), as the exclusive Designated Proxy Holder (hereinafter also the “**Designated Proxy Holder**” or the “**Exclusive Designated Proxy Holder**”) for the granting of proxies and related voting instructions pursuant to Article 135-undecies of the TUF;

-- in accordance with Article 106 of the “Cura Italia” Decree, proxies or subproxies pursuant to Article 135-novies of the TUF could also be granted to the Designated Proxy Holder, as an exception to paragraph 4 of the above-mentioned Article 135-undecies of the TUF;

- the separate lists of the results of the various votes.

The notary, again on behalf of the Chair, stated that, with respect to today's Shareholders' Meeting, no solicitation of proxies pursuant to Article 136 et seq. of the TUF appeared to have been made.

He then reminded those present that among other things Article 122 of the TUF provides that:

"*1. In whatever format they may be concluded, agreements regarding the exercise of voting rights in companies with listed shares and their parent companies, within five days of being concluded shall be: a) communicated to Consob; b) published in extract form in the national daily newspapers; c) filed at the Companies Register of the place where the company has its registered office; d) communicated to listed companies.*

2. Omitted.

3. Omitted.

4. Voting rights attached to listed shares for which the requirements laid down in paragraph 1 have not been satisfied may not be exercised."

The notary asked the Designated Proxy Holder to state whether it was aware of anyone being in a position that prevented them from exercising voting rights pursuant to paragraph 4 of the aforementioned Article.

The Designated Proxy Holder stated that it had not received any notification concerning a lack of voting rights.

The Chair announced that, to the Company's knowledge, as of the date of this Meeting there were no relevant shareholders' agreements within the meaning of Article 122 of the TUF.

The Chair asked the Notary to continue reading the Chair's instructions for this Shareholders' Meeting.

The notary informed the meeting that the Chair was physically present at the place of convocation, together with directors Marco Giuseppe Maria Rigotti, Paola Camagni, Julie Birgitte Galbo and Gabriele Villa, all the members of the Management Control Committee, chaired by Mr Rigotti. The absence of the other members of the Board of Directors was justified.

The notary recorded, again on behalf of the Chair, that the following people were also physically present for UniCredit S.p.A.: Paola Maria Di Leonardo, Secretary of the Board of Directors, Rita Izzo, Head of Group Legal, and Niccolò Fibbi, Head of Group Corporate Affairs & Shareholding.

Other members of the Bank's Executive Personnel were also present, together with other employees of the Bank and representatives of the firm ZNR Notai in charge of the meeting proceedings and the taking of the minutes.

The notary continued, again on behalf of the Chair, stating that:

-- the share capital as at the date of this Shareholders' Meeting amounts to Euro 21,509,089,303, subscribed and paid up, divided into 1,507,953,015 shares, and each share carries the right to one vote;

-- the right of the persons entitled to vote to attend through the Exclusive Designated Proxy Holder was ascertained and the proxies were filed in the Company's records;

-- the proxies were checked for compliance with the applicable provisions. According to the figures communicated by the Exclusive Designated Proxy Holder and projected on the monitors at the chairing table, 1,031,394,097 voting shares were represented at that time, accounting for 68.3970% of the share capital and attributable to 5,894 shareholders who had granted proxies to that party;

-- the Bank does not hold any treasury shares;

-- according to the results of the Shareholders' Register, supplemented by the notifications made in accordance with the law and the checks carried out for the admission to vote, approximately 185,000 shareholders were registered;

-- the persons holding voting rights in excess of the thresholds of subscribed share capital applicable from time to time, represented by voting shares, according to the data on the shareholders' register and based on the notifications received pursuant to Article 120 of the TUF and the information available to date are

	No. of shares	*% of capital*
BlackRock Group	*114,907,383*	*7.620*
Capital Research and Management Company	*80,421,723*	*5.333*

The notary recalled:

-- voting rights may not be exercised in respect of holdings exceeding the thresholds applicable from time to time of subscribed share capital represented by voting shares which have not been disclosed as required by Article 120 of the TUF;

-- the provisions of Articles 19, 20, 24 and 25 of Legislative Decree No. 385/1993 ("**Consolidated Banking Law**" or "**TUB**") regarding the exclusion

of voting rights for those shareholders who, despite directly or indirectly owning a shareholding in the Bank's share capital of more than 10%, did not request and obtain the prescribed authorisation from the Supervisory Authority, or failed to make the required notifications, or do not meet the requirements of good repute prescribed for shareholders.

The Notary reported that the necessary organisational measures have been taken at the Bank in order to identify, on the basis of the information obtained, the persons who may be required to make the above-mentioned reports and that, as of the date of this Shareholders' Meeting, there are no shareholders subject to the above-mentioned exclusions.

He also specified that, for the purposes of the communications pursuant to Article 119 of the Issuers' Regulation, the Company has not issued financial instruments with voting rights, other than shares.

To the extent necessary and pursuant to the Supervisory Regulations for Banks issued by the Banca d'Italia, the notary stated that the relevant company regulations - available on the Bank's website - were last updated on 12 December 2024. These regulations concern the internal policies on the control of risk activities and conflicts of interest with respect to related parties.

He reminded those present that, pursuant to Article 2369, seventh paragraph, of the Civil Code, the extraordinary Shareholders' Meeting on a single call is validly constituted when at least one fifth of the share capital is represented, and resolves with the favourable vote of at least two thirds of the capital represented at the Shareholders' Meeting. The Bank's Articles of Association make no exception to this rule.

***

The Chair declared the extraordinary Shareholders' Meeting duly constituted and valid to pass resolutions on a single call on the items on the agenda pursuant to law and the Articles of Association, and asked the notary to continue reading the Chair's guidance for today's Shareholders' Meeting.

***

The notary then reported that voting will take place electronically, with votes cast by the Exclusive Designated Proxy Holder and displayed on the screen available at the chairing table. He added that it is possible to vote for or against each individual item on this agenda or to abstain, as set out in the proxy form published on the Company's website.

Pursuant to paragraph 3 of the aforementioned Article 135-undecies of the TUF, the shares for which proxy has been granted, even partially, to the Designated Proxy Holder are counted for the purpose of the valid constitution of the Shareholders' Meeting, whereas the shares for which no voting

instructions have been given on the proposals on the agenda will not be counted for the purpose of calculating the majority and the proportion of capital required for approval of the relevant resolutions.
He also noted that, together representing a total of 119 shares, the following shareholders exercised their right to ask questions on the matters on the agenda of the Shareholders' Meeting pursuant to Article 127-ter of the TUF: Marco Bava; Comitato Aria Pulita Basilicata Onlus, jointly with Elman Rosania, who acted on his own behalf and in his declared capacity as representative of the relevant group of minority saver shareholders of the former Banca Mediterranea del Sud Italia and of shareholders Maria Mitrione, Loredana Di Lucchio and Gianpaolo Di Lucchio. In this regard the notary informed those present that, pursuant to the aforementioned Article, on 18 September 2026 the Company published a document on its website containing the answers to the questions submitted within the prescribed deadline by entitled shareholders and deemed relevant to the matters on the agenda of the Shareholders' Meeting, and that said document will be attached to the minutes of this Shareholders' Meeting, which will be published on UniCredit's institutional website.
In accordance with Regulation (EU) 2016/679 (hereinafter the "**GDPR**") and Legislative Decree no. 101 of 10 August 2018, he informed those present that the data relating to those attending the Shareholders' Meeting is processed by the Bank exclusively for the purposes of mandatory requirements relating to shareholders' meetings and company law.
Since all the documentation relating to the resolutions to be adopted was duly published in accordance with the procedures laid down by the applicable regulations, he stated in advance – again on behalf of the Chair – that, unless specifically requested by those present, the documents concerning the items on the agenda would not be read out.
In view of the way in which the Shareholders' Meeting was being conducted, the Chair then asked the notary to reproduce in full in the minutes the text of his own address, which he read out as follows:

Dear Shareholders,

when we last met, earlier this year, I set out the Board's views towards Commerzbank and outlined UniCredit's approach moving forwards.

Since then, that first phase of the process has run its course, and we are delighted with the meaningful progress made.

Naturally, it has not been a straightforward journey to get here. A combination between two banks of this scale is an inherently complex undertaking involving a huge range of competing dynamics.

However, I'm pleased to say we have now overcome several of those challenges, and in doing so, have moved into a position that is considerably stronger than the one we described to you only a few months ago.

This progress did not happen by chance. It reflects the hands-on and dedicated approach that management has taken throughout – engaging constructively, acting with discipline and following through on what it set out to do. It is the same approach that has come to define this Group in recent years, and I'm certain it is the right approach to bring further success in this context.

It is important at this point to remind ourselves why this course of action matters. For our shareholders, the case has always been a concrete one. This is a combination that we firmly believe will deliver stronger and more sustainable earnings growth over time, and a dividend yield that reflects that.

A combination gives clients greater choice, a broader product range and deeper access into European capital markets than either institution can offer currently. It is precisely this kind of client proposition that translates into stronger, more durable earnings and in turn, drives that growth in value for shareholders.

The same logic applies at scale too. A larger, more capable UniCredit means more capital available to businesses and communities across our network, and a stronger position from which to compete on the global stage.

Of course, capturing this opportunity in full, and the many others that lie ahead of us, is the task of UniCredit Unlimited.

It has now been several months since this new Group-wide strategy was first implemented, and it has been hugely encouraging to see it already genuinely embedded across the Group.

In any of our markets, I see today a bank that is more dynamic and more agile than before. I see a bank that is relentlessly ambitious in everything it does – one that continues to push the boundaries of what is possible and reimagine what it means to deliver for clients and communities.

I know the execution of this strategy remains our steadfast priority as an unmatched engine of value creation, and the Board will continue to do all it can to support its continued success.

Of course, there is much more for us to do. The pace of technological change occurring within in our industry is remarkable and it shows no signs of slowing down. As a result, the banking industry is becoming ever-more contested, with hyperscalers and fintechs threatening those legacy banks who fail to adapt.

And so, in this context, it's imperative that UniCredit continues its transformation journey. In the five years since Andrea assumed his position at UniCredit, the Group has gone from a bank searching for direction to one that sets the benchmark for others to follow.

The Board has full confidence in our leadership, and in the wider management team, to carry that same ambition into this next chapter of our transformation.

Thank you.

At the end of the reading and again in view of the way in which the Shareholders' Meeting was being conducted, the Chair handed the notary the text of the introductory address that the Chief Executive Officer Andrea Orcel wished to deliver to the Shareholders' Meeting and asked the notary to reproduce it in full in the minutes. The notary then read it out as follows:
Good morning,

When we look at UniCredit today, we see a bank that has transformed its performance and positioning. More importantly, we see a bank that has demonstrated that strong, sustainable performance and attractive shareholder returns can go hand in hand with serving our clients and supporting the economies in which we operate.

For me, our strength lies in our franchise.

UniCredit is a truly pan-European bank, serving more than 20 million customers across some of Europe's most important economies. We combine deep local relationships and empowerment with the scale, expertise and capabilities of the Group. That gives us a distinctive advantage: the ability to remain close to our customers while leveraging the efficiency, reach and capabilities of a leading European platform.

But scale alone does not create value.

What matters is our ability to turn that scale into superior sustainable performance.

Over recent years, we have built a simpler, more focused and more profitable bank. We have remained disciplined in execution, rigorous in capital allocation and relentless in our focus on clients. Our integrated model enables us to leverage common platforms, digital capabilities and specialised expertise across our markets while preserving the strength and empowerment of our local franchises.

And we have been equally clear about what this means for shareholders.

Value creation in banking is driven by growing and sustainable earnings, disciplined risk and capital management and the ability to support outsized distributions to shareholders while investing and without weakening capital strength. That is precisely the model we have pursued.

The progress we have achieved is not the result of favourable market conditions or a single strong year. It reflects a structural improvement in the quality of our business: growing and increasing quality revenues, ever improving efficiency, disciplined risk management and a significantly more productive use of capital. It is a result of the dedication, determination and commitment of our people. Their desire to serve our clients and their belief in this bank.

As a result, we have delivered substantial value to shareholders while maintaining the capital strength and resilience expected of a leading European bank.

And we are far from finished.

Looking ahead, we see significant opportunities, and the extensive progress we have made in recent months regarding Commerzbank is a clear example of this.

For our shareholders, the logic remains the same as we have set out throughout: stronger, more sustainable earnings growth, and returns that reflect it.

However, there's something bigger at play here too. Europe requires investment. European companies need financing, advice and access to international markets. Individuals and families increasingly demand

sophisticated investment and protection solutions. At the same time, the continued digitalisation of financial services is creating new opportunities to serve customers better while operating more efficiently.

Meeting that scale of need requires banks with the scale and depth of capital to match. A stronger, more integrated European banking sector is not simply desirable, but a necessity for our continent's competitiveness.

UniCredit is uniquely positioned to capture those opportunities, and our ongoing engagement with Commerzbank represents this conviction in action. It reflects a manifestation of the responsibility we all feel to this great institution every day – one that demands constant ambition while never forgetting the interests of our stakeholders – shareholders, employees and clients alike - and a belief that more is always possible.

Over the coming months, we'll continue to channel this ambition into rigorous and constructive engagement with all stakeholders to deliver the best possible outcome.

As always, our approach remains guided by a simple test: does it deliver for our shareholders, for our clients, employees and for the communities and economies we serve. Where the answer is yes, we will pursue it with conviction. Where it is not, we will not.

Moving forward, our priorities for the Group are clear: continue to grow the business, continue to improve productivity, remain disciplined in risk and capital management, and continue to invest in the capabilities that differentiate us and that will continue making us a winner in the future.

For our shareholders, this means remaining focused on sustainable value creation through superior growth, returns and distributions. Not short-term performance, but the continued strengthening of our franchise and the compounding of value over time.

We have demonstrated what UniCredit can achieve when ambition is matched by discipline.

We have built a stronger bank.

We have built one of Europe's strongest banking franchises.

And we have established a proven track record of delivering for our shareholders.

Our commitment, and that our people, is to now build on that success with the same discipline, the same focus on value creation and the same conviction in the potential of UniCredit and in the future of Europe.

Thank you.

At the end of the reading, the Chair asked the notary to read out the items on the agenda. Accordingly, the notary read them out as follows:

"1. Amendments to the Articles of Association: amendment to Article 20 and insertion of new Article 20-bis.

2. Proposal to grant the Board of Directors, pursuant to Article 2420-ter of the Italian Civil Code, the power, to be exercised within 5 (five) years from the shareholders' resolution, to issue, pursuant to Article 2420-bis of the Italian Civil Code, in one or more occasions and with exclusion of pre-emption rights, bonds convertible into ordinary shares of UniCredit (Perpetual Contingent Convertible Additional Tier 1 Notes) denominated in USD for a maximum equivalent amount of Euro 5,000,000,000.00 calculated on the basis of the exchange rate in effect on the date of each issuance, addressed to institutional investors and, consequently, to increase the share capital with exclusion of pre-emption rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code, for an amount (including share premium) that may not exceed, for each convertible bond, the EUR equivalent of the Company's relevant debt at the time of such conversion, through the issuance of ordinary shares with regular dividend rights and having the same characteristics as the ones outstanding as of the issue date, whose issue price will be determined by the Board of Directors in accordance with Article 2441, sixth paragraph, of the Italian Civil Code; consequent amendment of Clause 6 of the Articles of Association; related and consequent resolutions.

***

At the end of the Notary's reading, the **Chair declared the meeting open.**

***

Discussion of the first item on the agenda regarding the "Amendments to the Articles of Association: amendment to Article 20 and insertion of new Article 20-bis.".

***

The Chair moved on to the first item on the agenda of this extraordinary Shareholders' Meeting. The item concerned the proposal to resolve on updating the Articles of Association following recent legislation, namely the so-called "Capital Markets Law" and Legislative Decree no. 47 of 27 March 2026, which introduced among other things Article 147-ter.1 of the TUF. It also concerned the related secondary legislation identified in the Report of the Board of Directors on the first item on the agenda (Consob implementing provisions that entered into force on 13 November 2025 and notably Articles 144-quater.1 and 144-undecies.1 of the Issuers' Regulation).

That said, in line with the practice followed at previous Shareholders' Meetings, the Chair confirmed that he would omit reading out the above-mentioned Directors' Report prepared by the Board of Directors on the amendments to the Articles of Association under the first item on the agenda, since it had been made available to the public in the manner and within the time limits required by law. He referred in full to the contents of that documentation.

The Chair then asked the notary to read out the proposed resolution contained in the Directors' Report concerning the first item on the agenda. Accordingly, the notary read it out as follows:

"The Extraordinary Shareholders' Meeting, having acknowledged the proposal of the Board of Directors,

HEREBY RESOLVES

1. *to approve the amendment to paragraph 1 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

2. *to approve the amendment to paragraph 5 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

In each section, each of the relevant candidates must be listed using a progressive number. Each section of each list containing a number of candidates equal to or more than 3 must introduce a number of candidates belonging to the less represented gender such as to ensure abidance by the balance between genders at least in the minimum quantity required by the provisions, also of a regulatory nature, in being at the time. The first candidate in the second section and at least one other candidate (or the first two, in the case of an Audit Committee consisting of more than three members), must be enrolled in the Rolls of Auditors and have exercised the legal auditing of accounts for a period not less than three years; the first candidate and at least one other candidate must also meet the requirements for the office as Chairman of the Audit Committee

3. *to approve the amendment to paragraphs 6, 7 and 8 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

Each legitimate party may submit or contribute to the submission of only one list and, similarly, each candidate may only be included on one list, on penalty of ineligibility.

8. By the deadline for the filing referred to in paragraph 7 above, parties having the right thereto who filed lists must, together with each list, also file any such further document and declaration required by the provisions, also of a regulatory nature, in being at the time as well as:

d) the remaining Director member of the Audit Committee - or the remaining Directors, in the event that the Committee is composed of five members - shall be taken, again in consecutive order, from the second section of the list referred to in lett. c) above. The Director indicated in first place in that section shall assume the office of Chairman of the same Committee;

If, for any reason, it is not possible to proceed to the replacement on the basis of the above criteria, the member of the Audit Committee who has ceased to serve shall be replaced by the Meeting of Shareholders to be convened without delay in accordance with the provisions of paragraph 15 below.*

> *1. The submission of a list by the Board of Directors (the "Board's list") pursuant to art. 20, paragraph 5, shall be resolved with the favourable vote of two-thirds of its serving members and shall be governed by the applicable special legislation in force. Such list shall contain a total number of candidates equal to the number of directors indicated in the proposal to the Shareholders' Meeting submitted by the Board of Directors, increased by one-third, rounded to the nearest unit.*

In the event of submission of a Board's list, lists submitted by shareholders containing two or more candidates must indicate a number of candidates belonging to the under-represented gender that ensures compliance with gender balance at least to the minimum extent required by applicable legislation. The Board's list is also divided into sections in compliance with the provisions of art. 20, paragraph 5.

2. The same special legislation governs the appointment of Directors in the event that the Board's list has obtained the greatest number of votes at the Shareholders' Meeting. Should the Board's list not have obtained the greatest number of votes, the election of Directors shall remain entirely governed by art. 20.

3. If the Board's list is the only one duly submitted, the directors to be elected shall be drawn entirely from that list, following the individual vote by the Shareholders' Meeting provided for by law.

4. If the Board's list has obtained the greatest number of votes among the submitted lists, the minority lists, in descending order of votes received (the "minority lists"), shall in any event be allocated a total number of directors equal to one-fifth of those to be elected, rounded up to the next unit, specifically:

4 directors, in the event of a Board composed of 16 to 19 members;

3 directors, in the event of a Board composed of 11 to 15 members;

2 directors, in the event of a Board composed of 9 to 10 members.

The directors accruing as above to the individual minority lists shall be distributed in proportion to the votes obtained by each at the Shareholders' Meeting, rounded to the nearest unit; should the total votes collected by the minority lists (in a number no greater than two, in descending order of votes obtained at the Shareholders' Meeting) exceed 20% of the total votes cast, the allocation of seats shall take place in favour of the lists that have obtained a percentage of votes of no less than 3%; should the total votes collected by the minority lists (in a number no greater than two in descending order of votes obtained at the Shareholders' Meeting) be no more than 20% of the total votes cast, the allocation of seats shall take place exclusively in favour of the two minority lists that have obtained the most votes at the Shareholders' Meeting.

In the event that one of the minority lists does not present, within a section, a sufficient number of candidates or candidates possessing the required characteristics, the seats accruing to it shall be attributed to the other minority lists; seats not allocated to the minority lists due to insufficient candidates or lack of required characteristics shall be assigned to the Board's list.

5. In the scenario referred to in paragraph 4, the election of members of the Board of Directors shall proceed as follows:

a) from the second section of the Board's list, two – or three, in the event that the Audit Committee comprises more than three members – Directors who are members of the Audit Committee shall be drawn; the other Directors required to complete the Audit Committee shall be drawn, in sequential order, from the second section of the second (and possibly third) most voted list: the Director listed in the first position in the relevant section of the minority list that obtains the most votes shall assume the office of Chairman of the Audit Committee;

b) the other Directors, other than the members of the Audit Committee, shall be drawn from the first section of the Board's list in a number equal to that required to complete the composition of the Board, reduced by the number of Directors elected from the minority lists remaining once the composition of the Audit Committee has been completed. The elected Directors from the minority lists shall be drawn from the first section of the lists, in sequential order. The Directors from the Board's list to be elected shall be drawn following the individual vote on each candidate in accordance with applicable law and regulations: those who, separately within each section of the list, have obtained the highest number of votes commensurate with the seats to be assigned shall be elected.

6. For matters not covered by applicable legislation and this article, the provisions of the preceding art. 20 shall apply, to the extent compatible.

7. The board committee with competence in relation to internal controls and risk management shall be chaired by an independent director identified among the elected directors who were not drawn from the Board of Directors' list that obtained the majority.

8. *to grant to the Chairman of the Board of Directors, the Chief Executive Officer and the Executive Personnel of the Company competent for role and regulation, the latter as far as permitted, either jointly or severally, with all appropriate powers to: (i) implement the above resolutions in accordance with the law; (ii) accept or introduce into the same any amendments or additions (which do not alter the substance of the resolutions adopted) which are required for registration in the Companies' Register or by the Authorities or necessary and/or appropriate for the implementation of laws and regulations; (iii) file and register, in accordance with the law, with an explicit and advance declaration of approval and ratification, the resolutions adopted and the text of the Articles of Association updated as per the above".*

At the end of the notary's reading, the Chair recalled that, as specified in paragraph 5 of the Report of the Board of Directors on the first item on the agenda, if approved by the Shareholders' Meeting, the proposed amendments to the Articles of Association do not constitute one of the cases envisaged for the exercise of the right of withdrawal by shareholders under Article 2437 of the Civil Code.

The Chair noted that the Designated Proxy Holder did not report having cast votes contrary to the instructions received.
The Chair then stated that the data relating to the votes cast is available and will be attached to the minutes of the Shareholders' Meeting, with a specific indication of the names of the shareholders and the number of shares they hold. Answers to shareholders' questions (sec. 127-ter TUF)

Extraordinary Shareholders' Meeting

21 September 2026

UniCredit

MARCO BAVA

Question 1: Pursuant to Article 127-ter of the TUF, shareholder Marco Bava submits the following questions regarding the agenda item concerning the proposal to grant the Board of Directors, pursuant to Article 2420-ter of the Italian Civil Code, the power to issue bonds convertible into UniCredit ordinary shares (Perpetual Contingent Convertible Additional Tier 1 Notes) denominated in USD for a maximum equivalent amount of EUR 5,000,000,000, with the exclusion of pre-emptive rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code, and the consequent amendment to Article 6 of the Articles of Association. Why does the resolution provide for the complete exclusion of pre-emptive rights under Article 2441, fifth paragraph, of the Italian Civil Code, rather than reserving a portion of the issuance to existing shareholders as well, and what specific corporate interests justify such exclusion?

The reasons for excluding the pre-emptive rights are set out in paragraph 1 ("Description of the transaction, reasons for the proposed grant of power, rationale and purpose of the additional tier 1 notes") of the Explanatory Report of the Board of Directors, to which reference is hereby made.

Question 2: Who prepared the explanatory report of the Board of Directors pursuant to Article 2441, sixth paragraph, of the Italian Civil Code, and the fairness opinion on the issue price issued by the audit firm? May these documents be made available to shareholders prior to the vote, and if so, how far in advance of the shareholders' meeting?

In compliance with the applicable regulations, the explanatory report was approved by the Board of Directors and made available to the public in the prescribed manner, including publication on the Company's website, simultaneously with the publication of the notice of call of the Shareholders' Meeting (on 29 July 2026), well in advance of the latest deadline permitted by law. The Board of Directors that may exercise the delegation will determine the criteria for establishing the conversion price, i.e. the price of the shares, in accordance with Article 2441, sixth paragraph, of the Italian Civil Code. Upon exercise of the delegation, the statutory fairness opinion regarding the issue price of the shares will be issued by the auditing firm pursuant to Article 158 of the Consolidated Law on Finance (TUF).

Question 3: According to what criterion will the issue price of the shares arising from the conversion be determined? Will it be linked to an average market price over a defined reference period, with a predetermined maximum discount, if any?

With regard to the determination of the issue price of the shares to be issued in connection with a potential conversion of a Contingent Convertible AT1, please refer to paragraph 6 ("Criteria for determining the issue price of the new shares and the conversion ratio") of the Director's Report. The details of the mechanism for determining such price will be disclosed in accordance with applicable law in relation to the issuance of each Contingent Convertible AT1.

Question 4: What is the USD/EUR exchange rate assumed for the calculation of the maximum equivalent amount of EUR 5,000,000,000, and how will foreign exchange risk be managed during the period between issuance in USD and any conversion into EUR-denominated shares?

The compliance with the maximum equivalent amount limit will be determined on the basis of the exchange rate in force on the date of each issuance. The Bank will implement a foreign exchange risk management strategy relating to the issuance of Contingent Convertible AT1 instruments denominated in USD, based on the accounting treatment that will be applied.

Question 5: Do the AT1 bonds covered by the resolution include an automatic conversion (or write-down) trigger mechanism linked to the CET1 ratio, in line with market practice for Additional Tier 1 instruments? If so, what is the exact percentage threshold envisaged?

Yes. As specified in paragraph 1 ("Description of the transaction, reasons for the proposed grant of power, rationale and purpose of the additional tier 1 notes") of the Director's Report, the conversion will occur mandatorily and subject to the reduction of UniCredit's CET1 capital ratio, on either an individual or consolidated basis, below a specified threshold, which will be defined at the time of issuance of each Contingent Convertible AT1 instrument and will be equal to 5.125% or such other minimum value applicable under the regulations in force from time to time.

Question 6: If the trigger is activated, will the conversion occur at a predetermined fixed price or at the prevailing market price? Is a price floor envisaged in order to limit maximum dilution for existing ordinary shareholders?

With regard to the determination of the issue price of the shares to be issued in connection with a potential conversion of a Contingent Convertible AT1, please refer to paragraph 6 ("Criteria for determining the issue price of the new shares and the conversion ratio") of the Director's Report. The details of the mechanism for determining such price will be disclosed in accordance with applicable law in relation to the issuance of each Contingent Convertible AT1.

Question 7: What is the maximum theoretical dilution for current ordinary shareholders in the event of full conversion of the EUR 5 billion equivalent amount, assuming the minimum conversion price permitted by the resolution?

The maximum theoretical percentage dilution (intended as the reduction in the ownership share held by each shareholder) cannot currently be quantified, as it will depend on the definition of the conversion price which will be performed in the context of the exercise of the delegation and the issuance of each Contingent Convertible AT1, possibly including the definition of the floor price.

Question 8: Will the bonds be listed on a regulated market or traded on a multilateral trading facility? If listed, on which market, and who will act as calculation agent and paying agent?

Such bonds may be unlisted or listed on a regulated market or traded on a multilateral trading facility (including an unregulated one, e.g. the EuroMTF of the Luxembourg Stock Exchange). The role of calculation agent and/or paying agent may be performed either by the issuer or by a leading financial institution appointed by the issuer.

Question 9: What is the expected rate of interest (coupon) on these instruments, and how does it compare with the cost of the EUR 5 billion AT1 bonds already outstanding and issued by UniCredit?

The interest rate will be determined at the time of each potential issuance, taking into account prevailing market conditions and the features of the instrument. Historically, under each set of market conditions, the EUR equivalent of the interest rate applicable to these USD-denominated instruments has been comparable (in many cases more favourable and in some cases more expensive) to that applicable to a EUR-denominated AT1 instrument (subject to temporary write-down), such as the outstanding AT1 instruments issued by UniCredit. The issuer will consider the relative convenience of USD-denominated AT1 instruments compared with EUR-denominated ones, together with various other factors, within the execution of the funding plan.

Question 10: Does this authorization supplement or replace any existing authorizations relating to convertible instruments granted to the Board of Directors? What will be the aggregate amount available to the Board of Directors following approval of this resolution, taking into account all existing delegations?

There are currently no other authorisations in force granted to the Board of Directors in respect of the issuance of instruments convertible into shares. Following the approval of the proposed resolution, the aggregate amount available for said instruments to the Board of Directors will be EUR 5,000,000,000.

Question 11: Have the institutional investors targeted by the placement already been identified, or are negotiations currently under way? Will this be a private placement addressed to a limited number of investors, or an offering directed to a broader group of qualified investors?

UniCredit normally places AT1 instruments through public offerings directed at institutional investors in which leading international financial entities participate. No preliminary agreements have been entered into with investors regarding the placement of the instruments.

Question 12: What is the expected impact on the Group's CET1 ratio, Tier 1 ratio and Total Capital ratio following the issuance, both under a no-conversion scenario and under a full-conversion scenario?

From the issuance date and until the conversion or reimbursement of the instrument, each Contingent Convertible AT1 is expected to contribute positively to UniCredit's Tier 1 ratio and Total Capital ratio, on both an individual and consolidated (Group) basis, to the extent of its computable amount for regulatory purposes. In the scenario of no conversion, the contribution will persist until the reimbursement or the loss of computability of the instrument. In case of conversion, the instrument ceases to be recognised as Additional Tier 1 and its amount is substantially transferred to CET1 through the issuance of ordinary shares; this results in an increase of the CET1 ratio, while the Tier 1 ratio and Total Capital ratio remain broadly unchanged, subject to any applicable regulatory, technical or accounting adjustment. The payment of the coupons results in a reduction of the CET1 and consequently of the CET1 ratio, the Tier 1 ratio and Total Capital ratio, partially offset by the tax deductibility of such coupons.

Question 13: Why was it decided to denominate the issuance in USD rather than in EUR, given that the Company operates predominantly within the euro area? Are there specific considerations relating to demand from the U.S. market or to more favourable funding conditions in U.S. dollars?

Please refer to paragraph 1 ("Description of the transaction, reasons for the proposed grant of power, rationale and purpose of the additional tier 1 notes") of the Director's Report. UniCredit will

consider the relative convenience of USD denominated AT1 instruments compared with EUR denominated ones under prevailing market conditions, together with various other factors, within the execution of the funding plan.

Question 14: What are the estimated placement costs (arranger/bookrunner fees) associated with each issuance, and have the banks responsible for the placement already been identified?

Any placement syndicate will be determined in the context of the specific issuance of each Contingent Convertible AT1. In such case, arranger and dealer fees will be agreed in accordance with market practice.

Question 15: The resolution authorizes the Board of Directors to proceed in one or more tranches over a five year period. Is there a maximum limit for each tranche, or an indicative timetable for the issuances foreseen in the coming years?

No limit is envisaged for any single issuance other than the overall cap of EUR 5 billion during the 5-year period. The Bank regularly plans its activities over a multi-year horizon and the Board of Directors annually approves a Funding Plan, which plans the issuance of medium and long-term debt instruments and is prepared with the intention of ensuring, among other things, continuous compliance with the capital requirements imposed by the applicable prudential regulations. The Bank publishes a quarterly Fixed Income & ESG Presentation providing information on the Funding Plan and its execution.

Question 16: What is the exact text of the proposed amendment to Article 6 of the Company's Articles of Association resulting from the capital increase serving the conversion? Will it be made available to shareholders in the form of a blackline comparison (showing the current and proposed text side by side) prior to the vote?

The comparison text of the proposed amendment to Article 6 of the Articles of Association is set out in Section 8 ("Amendments to the Articles of Association") of the Director's Report relating to item 2 on the agenda. This section provides a comparison between the current wording and the proposed wording, highlighting the provision proposed to be added following the granting of the envisaged delegation to the Board of Directors.

Question 17: Do shareholders who do not vote in favour of the resolution have a right of withdrawal pursuant to Article 2437 of the Italian Civil Code, in view of the resulting amendment to the Articles of Association?

As set out in Section 9 ("Withdrawal Right") of the Directors' Report on item 2 of the agenda, the proposed amendments to the Articles of Association do not give rise to any withdrawal rights pursuant to applicable law or the Articles of Association.

Question 18: Will the Company's directors and executives with strategic responsibilities be permitted to subscribe, directly or indirectly, the bonds covered by this authorization?

As also specified in paragraph 1 ("Description of the transaction, reasons for the proposed grant of power, rationale and purpose of the additional tier 1 notes") of the Director's Report, the nature of the Additional Tier 1 instruments makes their placement naturally directed at investors with

the expertise and resources necessary for a full assessment of the risk-return profile of the instrument. Therefore, distribution of the instruments will be limited to professional investors and eligible counterparties under the MiFID and UK MiFIR regulations. In any event, any restrictions arising from the regulation for the prevention of market abuse shall apply.

Question 19: Which rating agencies have already expressed, or are expected to express at the time of issuance, a rating opinion on these instruments, and what is the expected rating communicated to the Company?

As UniCredit has not yet issued any Contingent Convertible AT1 instruments, there are currently no ratings assigned to such instruments (issued by UniCredit). UniCredit's EUR denominated AT1 instruments currently carry a Ba2 rating from Moody's, and one only of them also carries a BB+ rating from Fitch.

Question 20: In the event of conversion, will the newly issued ordinary shares be entitled to the full dividend starting from the current financial year, or only on a pro rata basis from the date of conversion?

In case of conversion, the new shares will carry regular dividend right: such right shall vest to the holder of such shares at the record date of the dividend distribution.

Question 21: Has the opinion of the Board of Statutory Auditors on the proposed resolution been obtained, or will it be obtained before the shareholders' meeting? Will such opinion be made available to shareholders together with the other meeting documentation?

UniCredit adopts a corporate governance system with an Audit Committee established within the Board of Directors and therefore does not have a Board of Statutory Auditors. As indicated in paragraph 6 of the Explanatory Report, the opinion on the fairness of the issue price of the shares will be issued by a statutory audit firm upon any exercise of the delegated authority, pursuant to Article 158 of the Italian Consolidated Law on Finance (TUF). The opinion will be made available to the public in accordance with applicable law.

Question 22: If the Board of Directors does not exercise the delegated authority within the five-year period, will the delegation automatically lapse? Moreover, will the market be informed of any failure to use, whether in whole or in part, the authorization granted?

Pursuant to Article 2420-ter of the Italian Civil Code, the authority granted to the Board of Directors may be exercised within a maximum period of five years from the date of the relevant shareholders' resolution. The Company will comply with the disclosure and reporting requirements prescribed by the laws and regulations in force from time to time.

Question 23: Please explicitly confirm the accounting treatment foreseen for the AT1 bonds covered by this resolution under the relevant IAS/IFRS principles (in particular IAS 32): will these instruments be classified as equity instruments rather than financial liabilities (debt), in light of their perpetual nature, coupon discretion and loss-absorption features? If so, please confirm that the issuance will not result in any increase of the Group's net financial indebtedness as it is reported in the financial communication to shareholders and the market, but will instead strengthen Tier 1 Capital for prudential purposes (CRR/Basel).

Under IAS 32 principles, the Bank expects to classify the Contingent Convertible AT1 as a compound instrument composed of a debt component (equal to the fair value of the liability at issuance) and an equity component for the residual amount. As indicated in paragraph 2 ("Structure of financial indebtedness following the transaction") of the Director's Report, the issuance of the instrument in question would not entail changes to the structural framework of the financial indebtedness of the Bank and the Group. However, as a result of the individual issuance of a Contingent Convertible AT1, the actual value of the net financial indebtedness would increase to the extent not offset by the redemption or repurchase of other debt instruments.

Question 24: It is requested to confirm that the issuance of up to 10,603,000 ordinary shares, to be paid up by way of set-off against the receivables arising from the Total Return Swap agreements referred to in the proposal, will result in the extinguishment of the corresponding liabilities/settlement obligations outstanding towards the counterparties to such agreements, without any cash outflow on the part of the Company, and that such transaction will therefore not lead to any increase in the Group's financial indebtedness, but rather to the conversion of a payment obligation into share capital.

Confirmed, solely with respect to the TRS Receivables that are actually set off. The capital increase qualifies as a cash capital increase paid up through set-off. The two reciprocal obligations (the Company's debt towards the TRS counterparties in respect of the settlement of the TRS, on the one hand, and the TRS counterparties' debt towards the Company for the subscription of the capital increase reserved to them, on the other hand) are set off against each other, resulting in the extinguishment of both obligations without any transfer of cash. The transaction does not result in any increase in the Group's financial indebtedness: the set-off extinguishes reciprocal obligations without creating any new debt, while strengthening the Company's capital base.

Question 25: It is requested to specify the identity (or, at least, the nature) of the counterparties to the Total Return Swap agreements that will be subject to set-off, the date on which such agreements were entered into, their original purpose (e.g. hedging, synthetic buyback, remuneration, or other purposes), and the aggregate notional amount underlying such agreements in respect of which the 10,603,000 shares will serve as settlement.

The TRS counterparties are leading financial institutions specialized in these instruments. The relevant TRS agreements, which already provide for the Company's right to early termination and physical settlement, were entered into in the context of acquiring a synthetic economic exposure to shares of Commerzbank AG, representing 3.22% of its share capital (3.36% following the cancellation of Commerzbank treasury shares).

Question 26: It is requested to clarify the criterion that will be used to determine the issue price of the 10,603,000 shares for the purposes of the set-off, and whether such price will reflect the market value of UniCredit shares on the date of each set-off, pursuant to Article 2441, paragraph 6, of the Italian Civil Code, as referred to in the proposal.

The issue price will be determined by the Board of Directors upon exercise of the delegation, in accordance with Article 2441, paragraph 6, of the Italian Civil Code, on the basis of the Company's net asset value and taking into account the performance of UniCredit's share price over the preceding six months. This criterion does not imply that the issue price will automatically coincide with the market price on the date of each contribution. The amount of the capital increase will be determined by reference to the Initial Prices payable to the counterparties for the physical settlement of the TRSs, which constitute the TRS Receivables to be set off. To support the fairness

of the issue price in relation to the value of the UniCredit shares, a fairness opinion will be issued by a statutory auditor or an audit firm pursuant to Article 2441, paragraph 6, of the Italian Civil Code and Article 158 of the Consolidated Financial Act (TUF). In addition, the expert report on the Commerzbank shares prepared in connection with the capital increase serving the related exchange offer will also be available as further support, although it is not legally required for the purposes of the present cash capital increase.

Question 27: Generali's Board to Lovaglio: "We are assessing an industrial agreement with Siena." Can Generali have commercial agreements with two competing banks? The industrial agreement between UniCredit and Generali would lack a clear rationale without the acquisition of Assicurazioni Generali. Here is my proposal, stated clearly for the market: what is your view, Mr. Orcel? [Omissis]

The question is not relevant to the items on the meeting agenda.

ELMAN ROSANIA[1] - COMITATO ARIA PULITA BASILICATA ONLUS

Question 1: The top management and executives of UniCredit have decided to "repeat the abuse" of making use, once again (from 2020 to 2026), of the optional provision that allows them to convene shareholders' meetings while prohibiting shareholders from attending in person, "by way of derogation" from the ordinary procedure (provided for by the Italian Civil Code, the Consolidated Finance Act (TUF), and the company's Articles of Association), under which shareholders' meetings are held with the physical presence of shareholders (including remotely through distance connection, where permitted). In fact, compared with the ordinary conduct of shareholders' meetings with the physical presence of shareholders, the optional derogation allowing corporate management to hold meetings "behind closed doors" was introduced on an "exceptional basis" in March-April 2020 solely for the period of the COVID-19 pandemic. However, despite the pandemic having ended in 2022 and no public health emergency any longer existing, the members of the Italian Government and Parliament, and above all Giancarlo Giorgetti, chartered accountant and current Minister of Economy and Finance, wished to maintain the optional derogation available to corporate management by approving highly inequitable legislation. Most recently, this occurred through Article 11 of Law No. 21 of 5 March 2024 (the relevant bill having been submitted to the Senate by the aforementioned Minister on 21 April 2023) and Article 4, paragraph 11, of Decree-Law No. 200 of 31 December 2025, converted into Law No. 26 of 27 February 2026, which extended the optional derogation even until 30 September 2026. It is self-evident that the aforementioned legislation and its use by the management of UniCredit (as well as by the vast majority of listed companies) have effectively made permanent the prohibition on shareholders' physical attendance at meetings, requiring shareholders, under arrangements that might be likened to apartheid, to grant a proxy exclusively to the representative designated by the company's management, who in UniCredit's case is the representative of Computershare S.p.A. In this regard, at least since 2022 (post-COVID), UniCredit's management has continued to violate, in a FLAGRANT, SYSTEMATIC, AND DELIBERATE manner, and therefore in a REPREHENSIBLE way, Article 3(4)(1) of Directive 2007/36/EC, which for twenty years has established that an individual shareholder either attends meetings IN PERSON or FREELY CHOOSES his or her own proxy without limitation. The repeated and continuing violation of European Union law is particularly serious and completely undermines the credibility of the actions of UniCredit's management and senior executives, who have for a long time persistently

[1] In his own name and in the capacity declared by him as representative of the Group of Minority Shareholder-Savers of the former Banca Mediterranea del Sud Italia, as well as on behalf of the shareholders Maria Mitrione, Loredana Di Lucchio, and Gianpaolo Di Lucchio.

disregarded Directive 2007/36/EC. They do not even mention it in the "Report on Corporate Governance and Ownership Structure for Financial Year 2025" (see Chapter 3, pages 20-21). The involvement of the Italian Government and Parliament and the supporting institutions, and above all the aforementioned Minister Giancarlo Giorgetti and the senior management of the Ministry of Economy and Finance, does not lessen the responsibility of UniCredit's management and senior executives as decisive actors in what is considered by the writers to be a highly objectionable violation. Meanwhile, according to an internal source, the total remuneration of UniCredit Chief Executive Officer Andrea Orcel was increased in 2025 to approximately €16.6 million (a 25.76% increase over the approximately €13.2 million remuneration for financial year 2024, excluding any benefits/instruments not included in the calculation), equal to the remuneration received by at least 83 ordinary magistrates each earning an annual remuneration of €200,000. The foregoing contradicts all claims by those who maintain that holding shareholders' meetings "behind closed doors" has positive effects, particularly considering that the possibility of submitting written questions before the meeting (so-called questions pursuant to Article 127-ter of the TUF) remains a limited and marginal right for shareholders. Shareholders are also disadvantaged by the short timeframes allowed for submitting such questions, which are almost halved compared with the time available in the case of an "ordinary" meeting held with shareholder attendance, where shareholders are allowed to participate in the debate and raise questions, possibly more thoughtfully considered, until the very day of the meeting rather than 10-11 days beforehand. In this regard, the undersigned minority shareholders ask UniCredit's management whether their decision to convene the important Extraordinary Shareholders' Meeting scheduled for 21 September 2026 "behind closed doors", after having already held "behind closed doors" the Extraordinary Shareholders' Meeting of 4 May 2026 (which granted the authorization requested by the Board of Directors for the €7 billion increase in UniCredit's share capital relating to the Commerzbank Aktiengesellschaft transaction), the Annual Shareholders' Meeting of 31 March 2026, and almost all previous UniCredit shareholders' meetings held since 9 April 2020, has been examined by the supervisory authorities, namely the European Central Bank (ECB), the Bank of Italy, and CONSOB, including through any discouraging, persuasive, or advisory interventions.

UniCredit has made use of a faculty provided for under the applicable regulatory framework.

Question 2: At the UniCredit annual shareholders' meeting held on 31 March 2026 and convened by the Company's management behind closed doors, minority shareholder Elman Rosania travelled from the Basilicata region in Southern Italy to UniCredit's registered office in Milan in order, on 27 March 2026, to review the financial statements and the information/data relating to the 2025 financial year of all companies within the UniCredit Group. Following his visit to UniCredit's registered office, and prior to the commencement of the behind-closed-doors shareholders' meeting, he sent a notice dated 31 March 2026 to UniCredit's management, the Computershare contact person and the relevant supervisory authorities (see link: https://www.giustabanca.it/gb/wpcontent/uploads/2026/08/DichiarazioneexBM-31.03.2026.pdf). In that notice, having reiterated his request to receive the financial statements and the information/data relating to the 2025 financial year of the companies belonging to the UniCredit Group, he also requested clarification as to the balance sheet item under which EUR 12.4 billion of UniCredit's overall share capital of EUR 34 billion had been recorded. Such share capital consisted of: (i) EUR 20,846,893,436 prior to the ten-for-one share consolidation effected in January 2017 (whereby 10 UniCredit shares were consolidated into 1 share), resulting in 618,034,306 UniCredit shares outstanding (ISIN IT0005239360), and (ii) the EUR 13 billion capital increase carried out following the share consolidation. His request arose from the fact that, in March 2026, UniCredit's share capital was reported as amounting to EUR 21,509,089,303, represented by 1,507,953,015 shares outstanding. The issue was further addressed by shareholder Elman Rosania in his letter dated 13 April 2026 (accompanied by five annexes), sent

to UniCredit's management, the Computershare contact person and the relevant supervisory authorities, which remains unanswered to date and is hereby incorporated by reference in its entirety (see link: https://www.giustabanca.it/gb/wpcontent/uploads/2026/08/Nota-exBM-13.04.2026.pdf). In this regard, should the shareholders' meeting approve the authority requested by the Board of Directors to, "within five (5) years from the date of the shareholders' resolution, issue, pursuant to Article 2420-bis of the Italian Civil Code, on one or more occasions and with the exclusion of pre-emptive rights, convertible bonds (Perpetual Contingent Convertible Additional Tier 1 Notes) convertible into UniCredit ordinary shares, denominated in USD, for a maximum aggregate equivalent amount of EUR 5 billion," the undersigned minority shareholders request that UniCredit's management clarify the extent to which such transaction would impact UniCredit's share capital in relation to the above-mentioned EUR 34 billion, also taking into account the additional EUR 7 billion delegation previously granted to the Board of Directors by the shareholders' meeting of 4 May 2026 in connection with the Commerzbank Aktiengesellschaft transaction.

Of the approximately EUR 13 billion capital increase carried out in 2017, approximately EUR 16 million was allocated to share capital and approximately EUR 12,984 million to the share premium reserve. It is therefore incorrect to add the entire amount raised to the pre-existing share capital: the portion allocated to share premium forms part of equity, but not of share capital. As at the date of the notice convening the Shareholders' Meeting of 21 September 2026, the fully paid-up share capital amounted to EUR 21,509,089,303. As regards the AT1 proposal, the granting of the delegated authority and any issuance of the bonds do not in themselves increase share capital; such an increase may instead arise upon any conversion into shares. As indicated in the Explanatory Report, the amount of the capital increase to service each bond issuance, including share premium, may not exceed the euro equivalent of the Company's corresponding debt at the time of conversion. This amount therefore does not necessarily coincide with the portion to be allocated to share capital. The authority granted by the Shareholders' Meeting of 4 May 2026 in connection with the offer for Commerzbank relates to a separate transaction: for the relevant terms and the exercise of that authority, please refer to the documentation published in connection with such Shareholders' Meeting and the press release of 10 September 2026.

Directors' Report

Extraordinary Shareholders' Meeting - 21 September 2026

UniCredit

Amendments to the Articles of Association: amendment to Article 20 and insertion of new Article 20-bis

Dear Shareholders,

You have been convened in an extraordinary session to resolve on the updating of the Articles of Association in light of recent regulatory developments introduced by the so-called "Capital Markets Law" (Law No. 21 of 5 March 2024) and by Legislative Decree No. 47 of 27 March 2026, as well as the related secondary legislation, as identified below.

Your Board of Directors has defined the proposal set out in this report following an overall analysis of the above-mentioned legislative provisions. The outcome of such analysis has led to the proposal to amend the current Article 20 of the Articles of Association and to introduce a new Article 20-bis, the remaining provisions of the Articles of Association being already consistent with the regulatory updates that have occurred and not preclusive of the options contemplated therein.

1. PURPOSE AND SUBJECT MATTER OF THE PROPOSAL

The new Article 147-ter.1 of Legislative Decree No. 58 of 24 February 1998 (Consolidated Law on Finance, hereinafter the "TUF"), introduced into the Italian legal framework by Article 12 of the above-mentioned Capital Markets Law, expressly governs (i) the procedures for the approval and formation of the list of candidates that may be submitted by the outgoing Board of Directors (hereinafter the "*Board List*"), including the related timing for its disclosure to the public, as well as (ii) the procedures for the allocation of seats on the administrative body and for the identification of the elected candidates in the event that such list proves to be the one having received the highest number of votes at the Shareholders' Meeting.

As is known, the power of the incumbent Board of Directors to submit a list of candidates is already provided for under the current Article 20 of the Articles of Association, as amended by the resolutions adopted by the Extraordinary Shareholders' Meeting held on 4 December 2017. On the basis of such statutory authorization, the Company has already made use of the submission of a Board List on the occasion of previous renewals of the Board of Directors.

In this context, the subsequent enactment of the new statutory provisions, together with the issuance by Consob of the relevant implementing measures that entered into force on 13 November 2025 (see, in particular, Articles 144-quater.1 and 144-undecies.1 of the Issuers' Regulation, adopted by Resolution No. 11971 of 14 May 1999, as subsequently amended), now makes it necessary to update the wording of the Articles of Association.

For the purposes outlined above, and in order to facilitate a better understanding of the proposed amendments, it is deemed useful first to recall the essential content of the above-mentioned Article 147-ter.1 of the TUF, with reference to its direct reading for further details.

2. THE APPLICABLE REGULATORY FRAMEWORK

The new provision formalizes the power of the outgoing Board of Directors to submit its own list of candidates for the election of the members of the administrative body, a power which, until now, had nonetheless already been established in market practice.

It has, inter alia, laid down the following rules governing **the phase of approval and submission of the Board List**:

- the relevant Board resolution must be adopted with the favorable vote of two thirds of the members of the Board;

- the list must include a number of candidates equal to the number of directors to be elected, increased by one third, and must be made available to the public no later than the fortieth day prior to the date of the Shareholders' Meeting convened to resolve on the appointment.

In this regard, Consob has clarified, by way of interpretation, that for the purposes of the above-mentioned increase, the criterion most consistent with the statutory wording is that of arithmetic rounding (i.e., to the nearest whole number). Furthermore, in order to promote gender balance in the composition of the management body, its implementing provisions allow the by-laws, in this specific case, to provide that such principle must also be complied with by the lists submitted by shareholders that include at least two candidates (by way of derogation from the general rule, which exempts lists containing fewer than three candidates from this requirement).

With regard to **the phase of appointment of the directors and the allocation of seats among the lists** within the Board of Directors, the new provision sets out a specific ad hoc framework, applicable only in the event that the Board List proves to be the one that has received the highest number of votes compared to the lists submitted by the shareholders (the "*Minority List(s)*"). In summary:

a) if the first two Minority Lists have together received a number of votes not exceeding 20% of the total votes cast, they participate in the allocation of seats in proportion to the votes obtained by each of them and, in any event, for an overall number of directors not less than 20% of the total members of the Board. The Issuers' Regulation provides that, where application of this criterion does not result in a whole number of seats to be allocated, such number shall be rounded up to the next whole number;

b) if the first two Minority Lists have together obtained a number of votes exceeding 20%, the seats on the Board allocated to the minorities are assigned proportionally to the votes obtained by the Minority Lists that have achieved a percentage of votes of not less than 3%. Article 144-quater.1 of the Issuers' Regulation specifies that, in this case, the majority of the directors elected must in any event be drawn from the Board List, and that the by-laws may derogate from the foregoing, without prejudice to the proportional allocation of the seats on the Board attributable to the minorities in a measure not less than 20% of the total members.

If the Board List is the only list duly submitted, all the directors to be elected are drawn from that list.

For the allocation of the seats attributable to the Board List, the procedure then provides for a further shareholders' vote on each individual candidate included in that list, following which the candidates are ranked on the basis of the number of votes received. Those who have obtained the highest number of votes are elected, up to the number of seats to be allocated to the list.

3. THE PROPOSED IMPLEMENTATION IN THE ARTICLES OF ASSOCIATION

In light of the regulatory framework outlined above, it is therefore proposed to: (i) introduce into the Articles of Association a new article specifically dedicated to the Board List, to be numbered Article 20-bis and placed after the current Article 20, which contains the general rules governing the appointment of the Board of Directors; and (ii) make to Article 20 certain amendments of a purely coordinating nature with the text of the new Article 20-bis and, on that occasion, introduce some additional updates and one clarification.

The provisions of Article 20 of the Articles of Association shall in any event continue to govern the election of the members of the Board of Directors where the Board List is not submitted or does not prove to be the most voted list, as well as, to the extent compatible, in all matters not provided for by the special legislation or by the new Article 20-bis. The amendments referred to above are briefly illustrated below, starting with those relating to the aforementioned Article 20-bis.

New Article 20-bis

Paragraph 1

This provision governs the approval and submission of the Board List in compliance with the applicable legislation, to which it expressly refers, and incorporates Consob's interpretative guidance on the criterion to be used for calculating the one-third increase to be applied to the list of candidates submitted by the Board (rounding to the nearest whole number). It also introduces the derogation contemplated by the Issuers' Regulation, which allows the requirement to comply with the principle of gender balance to be extended to shareholders' lists containing only two candidates.

Paragraphs 2 and 3

Again in line with the applicable legislation, paragraph 2 specifies that the special statutory provisions governing the procedures for the election of directors apply where the Board List has obtained the highest number of votes, expressly clarifying that, if such list is not the most voted, the election process remains governed by the general rules set out in Article 20. Paragraph 3, in turn, restates for the sake of clarity the statutory rule whereby, if the Board List is the only list duly submitted, all the directors to be elected are drawn from that list.

Paragraph 4

Making use of the by-law autonomy recognized by the legislation, this provision defines the number of directors allocated to the Minority Lists by translating the overall quota reserved to them (equal to 20%) into a specific number of directors (rounded up to the next whole number), determined in relation to the possible different total numbers of members of the Board. This allocation applies both where the first two Minority Lists obtain a total number of votes exceeding 20% of the total votes cast and where they obtain a lower percentage. By way of example, for a Board composed of 11 to 15 members, three directors are allocated to the minorities, thus ensuring continuity with the current "ordinary" procedure set out in Article 20, which overall guarantees three directors to the relevant lists.

Finally, the provision clarifies that, if a Minority List does not submit a sufficient number of candidates or candidates meeting the required qualifications, the seats allocated to it are assigned to other Minority Lists, if any, and that any seats not allocated to such lists due to an insufficient number of candidates or lack of the required qualifications accrue to those allocated to the Board List.

Paragraph 5

This paragraph sets out the statutory provisions within the context of the corporate governance and control system adopted by the Company, which is characterized, in particular, by the presence of the Audit Committee (*Comitato per il Controllo sulla Gestione)* (the "AC"). The provision is primarily intended to ensure the proper composition of the AC, consistently with what is already provided for under Article 20, by guaranteeing: (i) the presence of the director(s) elected from the minority list(s) in a number proportional to the actual composition of such body (i.e., depending on whether the AC comprises the election of three or more than three such members); and (ii) the attribution of the Chairmanship of the AC to a director drawn from a Minority List. Furthermore, in accordance with Article 147-ter.1 of the TUF, the clause provides that, within the winning Board List, those candidates who have obtained the highest number of votes following the individual voting process required by such provision shall be deemed elected.

Paragraph 6

An appropriate closing clause is included, providing that - unless otherwise specified by law or by the article under consideration - the provisions of the preceding Article 20 shall apply insofar as compatible (for example, those relating to the eligibility requirements of candidates to be elected and the related mechanisms for any "sliding" within the ranking of candidates).

Paragraph 7

This paragraph reflects the legislative provision requiring that the Articles of Association expressly provide that the internal board committee established in relation to internal control and risk management be chaired by an independent director who has not been elected from the Board List that obtained the highest number of votes.

Amendments to Article 20

Paragraph 1 provides for an update of the wording in order to align it with the provisions recently introduced into the Consolidated Finance Act (TUF) and the Italian Civil Code by Legislative Decree No. 47/2026, issued pursuant to the enabling authority contained in the aforementioned Capital Markets Law. That Decree, in fact, on the one hand repealed Article 2409-sexiesdecies of the Civil Code, replacing the reference to the one-tier system with the terminology drawn from the new Article 2380 of the Civil Code and incorporated into the proposed clause; and, on the other hand, expressly established in Article 148 of the TUF that the composition of all control bodies (including, therefore, the Management Control Committee) must comply with the principle of gender balance. In application of the new Article 147-bis.1 of the TUF, an express reference is then included to the regulatory framework (statutory, legislative and self-regulatory) aimed at promoting professionalism, representativeness and diversity in the composition of corporate bodies.
Finally, the opportunity was taken to make explicit that the Shareholders' Meeting also determines the number of members of the Board of Directors.

In paragraph 5, the indication of the quorum required for the validity of the board resolution approving the Board List is deleted, as the matter is now addressed in the new Article 20-bis. In paragraph 10, a coordinating provision with Article 20-bis and a lexical addition are introduced, intended to better clarify the scope of application of the statutory provisions subject to the amendments submitted to the Shareholders' Meeting on this occasion.

The amendments to paragraphs 13 and 14 further clarify, also in line with the general provision now contained in the new Article 2409-septiesdecies.1 of the Civil Code, that even where it becomes necessary to replace a member of the Audit Committee, the Board shall proceed by co-optation, applying the criteria already set out in the clause and therefore giving priority, for this purpose, to unelected candidates from the same lists from which the outgoing member had been drawn.

Finally, from a purely formal standpoint, the sequence of paragraphs 6 and 7 is reorganised by reversing their order in order to make the exposition more consequential (with a corresponding update to the cross-reference contained in paragraph 8), and a typographical error present in the last sentence of paragraph 5 is also eliminated.

4. TEXT OF THE AMENDMENTS TO THE ARTICLES OF ASSOCIATION

As anticipated in the preceding section, the amendments to the by-laws submitted for approval by the Shareholders' Meeting consist of:

- the introduction of a new article (numbered 20-bis so as not to alter the numbering of the subsequent provisions) which incorporates the current regulatory framework and the Company's discretionary by-law choices, in compliance with the criteria illustrated above;

- coordinating and updating amendments to Article 20;

as illustrated in the synoptic table set out below.

TEXT CURRENTLY IN FORCE	PROPOSED AMENDMENT
Art. 20	**Art. 20**
1. The Company adopts the one-tier management and control system pursuant to Articles 2409-sexiesdecies et seq. of the Italian Civil Code and is therefore managed by a Board of Directors composed of between a minimum of nine and a maximum of nineteen members, of whom at least three - and, in any case, no more than five - compose the Audit Committee. The composition of the Board of Directors must ensure the balance between the genders. The number of members of the Audit Committee is established by the Shareholders' Meeting.	1. **Pursuant to the Italian Civil Code, ~~T~~t**he Company adopts the **~~one-tier~~** management and control system **under which the management and control functions are vested, respectively, in a Board of Directors and in an Audit Committee established within the Board of Directors. ~~pursuant to Articles 2409-sexiesdecies et seq. of the Italian Civil Code and~~ The Company** is therefore managed by a Board of Directors composed of between a minimum of nine and a maximum of nineteen members, of whom at least three - and, in any case, no more than five - compose the Audit Committee. The composition of the Board of Directors **and of the Audit Committee** must ensure the balance between the genders **and comply with the provisions of the Articles of Association, applicable laws, and the Corporate Governance Code to which the Company adheres, aimed at promoting professionalism, representativeness, and diversity.** The number of members of **the Board of Directors and of** the Audit Committee is established by the Shareholders' Meeting.

Article 20-bis (newly inserted text)
1. The submission of a list by the Board of Directors (the "Board's list") pursuant to art. 20, paragraph 5, shall be resolved with the favourable vote of two-thirds of its serving members and shall be governed by the applicable special legislation in force. Such list shall contain a total number of candidates equal to the number of directors indicated in the proposal to the Shareholders' Meeting submitted by the Board of Directors, increased by one-third, rounded to the nearest unit. In the event of submission of a Board's list, lists submitted by shareholders containing two or more candidates must indicate a number of candidates belonging to the under-represented gender that ensures compliance with gender balance at least to the minimum extent required by applicable legislation. The Board's list is also divided into sections in compliance with the provisions of art. 20, paragraph 5.
2. The same special legislation governs the appointment of Directors in the event that the Board's list has obtained the greatest number of votes at the Shareholders' Meeting. Should the Board's list not have obtained the greatest number of votes, the election of Directors shall remain entirely governed by art. 20.
3. If the Board's list is the only one duly submitted, the directors to be elected shall be drawn entirely from that list, following the individual vote by the Shareholders' Meeting provided for by law.
4. If the Board's list has obtained the greatest number of votes among the submitted lists, the minority lists, in descending order of votes received (the "minority lists"), shall in any event be allocated a total number of directors equal to one-fifth of those to be elected, rounded up to the next unit, specifically:

Article 20-bis (newly inserted text)
4 directors, in the event of a Board composed of 16 to 19 members; 3 directors, in the event of a Board composed of 11 to 15 members; 2 directors, in the event of a Board composed of 9 to 10 members. The directors accruing as above to the individual minority lists shall be distributed in proportion to the votes obtained by each at the Shareholders' Meeting, rounded to the nearest unit; should the total votes collected by the minority lists (in a number no greater than two, in descending order of votes obtained at the Shareholders' Meeting) exceed 20% of the total votes cast, the allocation of seats shall take place in favour of the lists that have obtained a percentage of votes of no less than 3%; should the total votes collected by the minority lists (in a number no greater than two in descending order of votes obtained at the Shareholders' Meeting) be no more than 20% of the total votes cast, the allocation of seats shall take place exclusively in favour of the two minority lists that have obtained the most votes at the Shareholders' Meeting. In the event that one of the minority lists does not present, within a section, a sufficient number of candidates or candidates possessing the required characteristics, the seats accruing to it shall be attributed to the other minority lists; seats not allocated to the minority lists due to insufficient candidates or lack of required characteristics shall be assigned to the Board's list.
5. In the scenario referred to in paragraph 4, the election of members of the Board of Directors shall proceed as follows: a) from the second section of the Board's list, two – or three, in the event that the Audit Committee comprises more than three members – Directors who are members of the Audit Committee shall be drawn; the other Directors required to complete the Audit Committee shall be drawn, in sequential order, from the second section of the second (and possibly third) most voted list: the Director listed in the first position in the relevant section of the minority list that obtains the most votes shall assume the office of Chairman of the Audit Committee; b) the other Directors, other than the members of the Audit Committee, shall be drawn from the first section of the Board's list in a number equal to that required to complete the composition of the Board, reduced by the number of Directors elected from the minority lists remaining once the composition of the Audit Committee has been completed. The elected Directors from the minority lists shall be drawn from the first section of the lists, in sequential order. The Directors from the Board's list to be elected shall be drawn following the individual vote on each candidate in accordance with applicable law and regulations: those who, separately within each section of the list, have obtained the highest number of votes commensurate with the seats to be assigned shall be elected.
6. For matters not covered by applicable legislation and this article, the provisions of the preceding art. 20 shall apply, to the extent compatible.
7. The board committee with competence in relation to internal controls and risk management shall be chaired by an independent director identified among the elected directors who were not drawn from the Board of Directors' list that obtained the majority.

2. *to approve the amendment to paragraph 5 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

> *5. The Directors are appointed by the Shareholders' Meeting on the basis of lists. The legitimate parties who are entitled to submit lists are the Board of Directors and the shareholders, who individually or collectively with others represent at least 0.5% of share capital in the form of shares with voting rights at ordinary Shareholders' Meetings. Each list must be divided*

into two sections of names: the first section, containing the candidates for the office of member of the Board of Directors other than the candidates for the office of member of the Audit Committee; the second section, containing only candidates for the office of member of the Audit Committee. In each section, each of the relevant candidates must be listed using a progressive number. Each section of each list containing a number of candidates equal to or more than 3 must introduce a number of candidates belonging to the less represented gender such as to ensure abidance by the balance between genders at least in the minimum quantity required by the provisions, also of a regulatory nature, in being at the time. Each legitimate party may submit or contribute to the submission of only one list and, similarly, each candidate may only be included on one list, on penalty of ineligibility.

8. By the deadline for the filing referred to in paragraph 7 above, parties having the right thereto who filed lists must, together with each list, also file any such further document and declaration required by the provisions, also of a regulatory nature, in being at the time as well as:

- a statement that the independence requirements dictated by these Articles of Association have been met.
Any list that does not meet the above requirements shall be deemed to have not been filed.

g) if the number of candidates included on a section of the majority as well as minorities lists submitted is less than the number of the Directors to be elected, the remaining Directors shall be elected by a resolution passed by the Shareholders' Meeting by a relative majority ensuring the abidance by the independence and balance between genders principles established by the provisions, also of a regulatory nature, in being. If there is a tie vote between several candidates, a run-off will be held between these candidates by means of another vote at the Shareholders' Meeting;
h) if only one list or no list is filed by the shareholders, the Shareholders' Meeting shall deliberate in accordance with the

procedures set forth in item g) above;
i) if the minimum necessary number of independent Directors and/or of Directors belonging to the least represented gender is not elected, the Directors of the most voted list who have the highest consecutive number and do not meet the requirements in question shall be replaced by the subsequent candidates, who meet the necessary requirement or requirements, taken from the same section or, missing that, from another section of the same list. Should it prove impossible, even applying said criterion, to single out Directors possessing said requirements, the above substitution criterion will apply to the minorities lists receiving the highest votes from which the candidates elected have been taken;
j) if, even applying the substitution criteria given in the previous lett. i), suitable substitutions have not been found, the Shareholders' Meeting shall resolve by a relative majority. In such circumstances the substitutions shall be effected beginning from the progressively most voted lists and from the candidates bearing the highest progressive number.

5. *to approve the amendment to paragraph 13 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

13. If a member of the Audit Committee ceases to hold office, the Board of Directors, by a resolution approved also by the Audit Committee, shall proceed with the co-optation of the replacement, in accordance with the criteria set out below. The first non-elected candidate of the second section of the list to which the member who has ceased to hold office belonged shall take office in replacement thereof. If, at the time of replacement, the person identified on the basis of the previous criterion does not meet the legal, regulatory or statutory requirements of the departing member, he/she shall be replaced by the next non-elected candidate taken from the second section of the same list and having the same requisites prescribed for the member to be replaced. Should the Chairman of the Committee cease to hold the office, the member taken from the same list of the outgoing member and next in rank in the appointment list who has the necessary requirements shall take the chair. If, for any reason, it is not possible to proceed to the replacement on the basis of the above criteria, the member of the Audit Committee who has ceased to serve shall be replaced by the Meeting of Shareholders to be convened without delay in accordance with the provisions of paragraph 15 below.

6. *to approve the amendment to paragraph 14 of Article 20 of the Articles of Association, which shall be replaced by the following text:*

14. The members appointed by the Board by co-optation remain in office until the next Meeting of Shareholders.

7. *to approve the inclusion in the Articles of Association of the new Article 20-bis, which shall read as follows:*

1. The submission of a list by the Board of Directors (the "Board's list") pursuant to art. 20, paragraph 5, shall be resolved with the favourable vote of two-thirds of its serving members and shall be governed by the applicable special legislation in force. Such list shall contain a total number of candidates equal to the number of directors indicated in the proposal to the Shareholders' Meeting submitted by the Board of Directors, increased by one-third, rounded to the nearest unit.
In the event of submission of a Board's list, lists submitted by shareholders containing two or more candidates must indicate a number of candidates belonging to the under-represented gender that ensures compliance with gender balance at least to the minimum extent required by applicable legislation.
The Board's list is also divided into sections in compliance with the provisions of art. 20, paragraph 5.
2. The same special legislation governs the appointment of Directors in the event that the Board's list has obtained the greatest number of votes at the Shareholders' Meeting. Should the Board's list not have obtained the greatest number of votes, the election of Directors shall remain entirely governed by art. 20.
3. If the Board's list is the only one duly submitted, the directors to be elected shall be drawn entirely from that list, following the individual vote by the Shareholders' Meeting provided for by law.
4. If the Board's list has obtained the greatest number of votes among the submitted lists, the minority lists, in descending order of votes received (the "minority lists"), shall in any event be allocated a total number of directors equal to one-fifth of those to be elected, rounded up to the next unit, specifically:
4 directors, in the event of a Board composed of 16 to 19 members;
3 directors, in the event of a Board composed of 11 to 15 members;
2 directors, in the event of a Board composed of 9 to 10 members.
The directors accruing as above to the individual minority lists shall be distributed in proportion to the votes obtained by each at the Shareholders' Meeting, rounded to the nearest unit; should the total votes collected by the minority lists (in a number no greater than two, in descending order of votes obtained at the Shareholders' Meeting) exceed 20% of the total votes cast, the allocation of seats shall take place in favour of the lists that have obtained a percentage of votes of no less than 3%; should the total votes collected by the minority lists (in a number no greater than two in descending order of votes obtained at the Shareholders' Meeting) be no more than 20% of the total votes cast, the allocation of seats shall take place exclusively in favour of the two minority lists that have obtained the most votes at the Shareholders' Meeting.
In the event that one of the minority lists does not present, within a section, a sufficient number of candidates or candidates possessing the required characteristics, the seats accruing to it shall be attributed to the other minority lists; seats not allocated to the minority lists due to insufficient candidates or lack of required characteristics shall be assigned to the Board's list.
5. In the scenario referred to in paragraph 4, the election of members of the Board of Directors shall proceed as follows:
a) from the second section of the Board's list, two – or three, in the event that the Audit Committee comprises more than three members – Directors who are members of the Audit Committee shall be drawn; the other Directors required to complete the Audit Committee shall be drawn, in sequential order, from the second section of the second (and possibly third) most voted list: the Director listed in the first position in the relevant section of the minority list that obtains the most votes shall assume the office of Chairman of the Audit Committee;
b) the other Directors, other than the members of the Audit Committee, shall be drawn from the first section of the Board's list in a number equal to that required to complete the composition of the Board, reduced by the number of Directors elected

from the minority lists remaining once the composition of the Audit Committee has been completed. The elected Directors from the minority lists shall be drawn from the first section of the lists, in sequential order.
The Directors from the Board's list to be elected shall be drawn following the individual vote on each candidate in accordance with applicable law and regulations: those who, separately within each section of the list, have obtained the highest number of votes commensurate with the seats to be assigned shall be elected.
6. For matters not covered by applicable legislation and this article, the provisions of the preceding art. 20 shall apply, to the extent compatible.
7. The board committee with competence in relation to internal controls and risk management shall be chaired by an independent director identified among the elected directors who were not drawn from the Board of Directors' list that obtained the majority.

8. to grant to the Chairman of the Board of Directors, the Chief Executive Officer and the Executive Personnel of the Company competent for role and regulation, the latter as far as permitted, either jointly or severally, with all appropriate powers to: (i) implement the above resolutions in accordance with the law; (ii) accept or introduce into the same any amendments or additions (which do not alter the substance of the resolutions adopted) which are required for registration in the Companies' Register or by the Authorities or necessary and/or appropriate for the implementation of laws and regulations; (iii) file and register, in accordance with the law, with an explicit and advance declaration of approval and ratification, the resolutions adopted and the text of the Articles of Association updated as per the above".

Explanatory report of the Board of Directors of UniCredit S.p.A. on item 2 on the agenda of the Extraordinary Shareholders' Meeting convened for 21 September 2026 on single call: "Proposal to grant the Board of Directors, pursuant to Article 2420-*ter* of the Italian Civil Code, the power, to be exercised within 5 (five) years from the shareholders' resolution, to issue, pursuant to Article 2420-*bis* of the Italian Civil Code, in one or more occasions and with exclusion of pre-emption rights, bonds convertible into ordinary shares of UniCredit (*Perpetual Contingent Convertible Additional Tier 1 Notes*) denominated in USD for a maximum equivalent amount of Euro 5,000,000,000.00 calculated on the basis of the exchange rate in effect on the date of each issuance, addressed to institutional investors and, consequently, to increase the share capital with exclusion of pre-emption rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code, for an amount (including share premium) that may not exceed, for each convertible bond, the EUR equivalent of the Company's relevant debt at the time of such conversion, through the issuance of ordinary shares with regular dividend rights and having the same characteristics as the ones outstanding as of the issue date, whose issue price will be determined by the Board of Directors in accordance with Article 2441, sixth paragraph, of the Italian Civil Code; consequent amendment of Clause 6 of the Articles of Association; related and consequent resolutions.".

Dear Shareholders,

the Board of Directors of UniCredit S.p.A. ("**UniCredit**" or the "**Bank**" or the "**Company**") has convened you to the Extraordinary Shareholders' Meeting to submit for your approval the proposal to grant to the Board of Directors, pursuant to Article 2420-*ter* of the Italian Civil Code, the power, to be exercised within five years, to (i) issue, in one or more occasions, *Perpetual Contingent Convertible Additional Tier 1 Notes* denominated in USD for a maximum equivalent amount of Euro 5,000,000,000.00 and convertible into a variable number of UniCredit ordinary shares and, consequently, (ii) increase, in one or more occasions, the share capital with exclusion of pre-emption rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code, for an aggregate amount (including share premium) that may not exceed, for each convertible bond, the EUR equivalent of the Company's debt (relating to such Perpetual Contingent Convertible Additional Tier 1 Notes) at the time of such conversion, through the issuance of ordinary shares with regular dividend rights and having the same characteristics as those outstanding as of the issue date.

With this explanatory report (the "**Report**"), prepared pursuant to Article 2441, fifth and sixth paragraphs, of the Italian Civil Code, as well as Articles 72 and 84-*ter* of the regulation adopted by Consob resolution No. 11971 of 14 May 1999, as subsequently supplemented and amended (the "**Issuers' Regulation**"), in accordance with the instructions contained in Annex 3A to the Issuers' Regulation, and Article 125-*ter* of Legislative Decree No. 58 of 24 February 1998 (the "**TUF**"), the Board of Directors of UniCredit intends to illustrate the above proposal under item No. 2 on the agenda of the Extraordinary Shareholders' Meeting.

1. DESCRIPTION OF THE TRANSACTION, REASONS FOR THE PROPOSED GRANT OF POWER, RATIONALE AND PURPOSE OF THE ADDITIONAL TIER 1 NOTES

The proposal concerns the granting by the Shareholders' Meeting of power to the Board of Directors pursuant to Article 2420-*ter* of the Italian Civil Code, to be exercised within five years from the date of the relevant shareholders' resolution (the "**Delegation**"), to (i) issue, in one or more occasions, *Perpetual Contingent Convertible Additional Tier 1 Notes* denominated in USD and convertible into ordinary shares of the Company to be subscribed by institutional investors (each, a "**Contingent Convertible AT1**") and, consequently, (ii) increase, in one or more occasions, the share capital with exclusion of pre-emption rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code, to serve the conversion (the "**Conversion**") into ordinary shares of the Company with regular dividend rights and having the same characteristics as those outstanding as of the issue date (the "**Capital Increase to Serve the Conversion**"). The number of shares to be issued will be determined on the basis of the value of the aforesaid debt in relation to the issue price of the shares

themselves, which price will be set by the Board of Directors as indicated below. The conversion will occur mandatorily upon and subject to the reduction of UniCredit's *CET 1 capital ratio*, on an individual or consolidated basis, below a specified threshold, to be defined pursuant to Article 54 of Regulation (EU) No. 575/2013 (the "Capital Requirements Regulation" or "CRR") ("**Trigger Event**"). Such threshold will be defined upon the issuance of each Convertible Bond as 5.125% or the minimum threshold applicable under the regulations in force from time to time. The amount of the Capital Increase to Serve the Conversion may not exceed, for each Contingent Convertible AT1, the EUR equivalent of the Company's relevant debt at the time of conversion. It should be noted that UniCredit's CET1 capital ratio on a consolidated basis as of 30 June 2026 was 14.3% and, therefore, that the differential against the minimum threshold provided for by the CRR (5.125%) amounted to more than 9 percentage points.
The reason why the granting of the Delegation to the Board of Directors is proposed is that, compared with a resolution to issue the Contingent Convertible AT1 and the related share capital increase adopted directly by the shareholders' meeting, this option is better suited to ensuring the flexibility necessary in defining the timing, terms and conditions of the issue of the Contingent Convertible AT1s, having regard to the current and expected evolution of the bank's activities and of the margin of compliance with prudential requirements, market trends and the collection of expressions of interest from investors. As in similar transactions, the Delegation makes it possible to coordinate more efficiently the regulatory duties foreseen for the execution of the transaction, as well as to ensure the time-to-market of the bond issuance as soon as the opportunity arises, having regard both to the interests of investors and to those of the Bank itself.

At the time of exercise of the Delegation, if granted, the Board of Directors will determine the issue price of the Contingent Convertible AT1s and the mechanism for determining the Conversion price.

Convertible Additional Tier 1 (AT1) instruments or Contingent Convertibles (so-called CoCos) are debt instruments issued to strengthen a bank's capital structure without diluting shareholders, unless a crisis situation occurs, in connection with which reference is made to the broad differential between the current *CET1 capital ratio* of the Bank and the ratio provided for in the definition of the Trigger Event. According to the European Central Bank, *the rationale underlying CoCos is to improve banks' loss-absorbing capacity without requiring an immediate issuance of capital. By converting into equity in stress situations, CoCos help to maintain the bank's capital adequacy*.

Indeed, such bonds automatically convert into equity when the bank's capital falls below a specified threshold, helping to stabilise the institution under conditions of financial stress. Designed to meet the capital requirements provided for by Basel III, these instruments act as a buffer against potential banking crises, being intended that the European Central Bank is competent to verify the eligibility of such instruments as AT1 and the eligibility as CET1 of the capital into which the AT1 may be converted.

CoCos offer higher yields than traditional bonds but expose their holders to the risk of mandatory conversion and consequent loss of capital, as well as a higher degree of subordination in the event of the issuer's insolvency and the risk of cancellation of interest on a non-cumulative basis. In any case, it should be noted that the conversion of the Contingent Convertible AT1, although compulsory, would only take place upon the occurrence of a Trigger Event (save for the exercise of the conversion powers by the resolution authority according to the applicable laws) — that is, the reduction of the Bank's CET1 capital ratio below 5.125% or below the minimum threshold applicable under the regulations in force from time to time, as will be defined in the terms and conditions of the notes.

The Bank regularly plans its activities over a multi-year horizon and the Board of Directors annually approves a Funding Plan of the Group, which plans the issuance of medium-long term debt instruments and is prepared with the intention of ensuring, among other things, continuous compliance with the capital requirements imposed by the applicable prudential regulations.

Within the Funding Plan, it is also planned the issuance of securities that the bank intends to qualify as Additional Tier 1 instruments under the CRR and that contribute, together with other instruments, at satisfying the capital requirements applicable to UniCredit and/or the Group, including the minimum Tier 1 capital requirement, the minimum leverage ratio requirement and the Pillar II capital requirement.

With reference to the reasons justifying the exclusion of pre-emption rights pursuant to Article 2441, fifth paragraph, of the Italian Civil Code – also applicable to the issuance of Contingent Convertible AT1s pursuant to Article 2420-*ter* of the Italian Civil Code – the Board of Directors believes that the proposed Delegation is supported by concrete interests and that the overall benefits of the transaction for the Company and its shareholders justify its adoption, in accordance with the provisions of the sixth paragraph of the same Article 2441 of the Italian Civil Code. First, the exclusion of pre-emption rights meets the need to ensure that the Bank has the necessary speed and flexibility in carrying out the transaction for the issuance of the Contingent Convertible AT1s. The availability of an instrument capable of significantly reducing the time required to access the capital markets is of particular importance for a listed banking issuer such as UniCredit, especially in light of the volatility of financial markets and the need to take advantage of the most favourable market

windows in terms of pricing and investor demand. In addition, the very nature of Additional Tier 1 instruments – characterised by a high degree of structural complexity, perpetual duration, the contingent conversion mechanism and the cancellability of interest – makes their placement naturally directed at institutional investors with the expertise and resources necessary for a full assessment of the risk-return profile of the instrument. The range of possible subscribers for such instruments is therefore mainly composed, in consolidated international market practice, of leading institutional investors specialised in the bank subordinated debt segment. An offer with pre-emption rights granted to all shareholders would therefore not be consistent with the intrinsic characteristics of the instrument and with the relevant market practice.

Finally, regarding the option of proceeding with issuances in U.S. dollars, the Bank believes that this choice – consistent with recent precedents by leading banking institutions – is supported by the broad liquidity of the AT1 market in dollars; the same option contributes to broader diversification of the investor base and allows the optimisation of the funding cost, expanding the issuer's funding capacity in the AT1 segment with greater execution flexibility. As it appears from the contents of this report, the issue of the variability of the USD/EUR exchange rate has already been taken into consideration, also with respect to the proper formation of the Bank's share capital in connection with the potential conversion of the bonds.

2. STRUCTURE OF FINANCIAL INDEBTEDNESS FOLLOWING THE TRANSACTION

Following any exercise of the Delegation, if granted, and consequently any issue of Contingent Convertible AT1, the Bank will recognise a financial liability in its financial statements. In that case, the financial resources raised through the issuance of each Contingent Convertible AT1 would not be allocated to the reduction of financial indebtedness and the issuance itself would not entail changes to the structural framework of the financial indebtedness of the Bank and the Group.

3. INFORMATION ON THE RESULTS OF THE LAST FINANCIAL YEAR AND GENERAL INDICATIONS ON BUSINESS PERFORMANCE AND THE EXPECTED CLOSING OF THE CURRENT FINANCIAL YEAR

On 31 March 2026, the Shareholders' Meeting of UniCredit in ordinary session approved the financial statements for the year ended 31 December 2025.
Reference is therefore made to the report of the Board of Directors concerning item 1 on the agenda of the Shareholders' Meeting in ordinary session and to the published financial reporting documentation for complete information on UniCredit's results for the year ended 31 December 2025, as well as for indications regarding the business performance and the expected closing of the current financial year, including for the purposes of Scheme No. 2 (item 1.3) of Annex 3A to the Issuers' Regulation.

4. UNDERWRITING SYNDICATES AND ANY OTHER FORMS OF PLACEMENT

The Board of Directors will establish the most appropriate period for each issuance of Contingent Convertible AT1s within the limits of the Delegation and may define the structure of any underwriting syndicate.

5. DIVIDEND ENTITLEMENT DATE OF THE NEW SHARES AND ENTITLEMENT DATE OF THE BONDS

In the event of exercise by the Board of Directors of the Delegation, if granted by the Shareholders' Meeting, the bondholders subscribing for the Contingent Convertible AT1s will exercise the rights and prerogatives to which they are entitled on the basis of the terms and conditions governing the relevant issuance and the applicable law.

In the event of Conversion, occurring following the reduction of the Bank's CET1 capital ratio below 5.125% or below the minimum threshold applicable under the regulations in force from time to time, as will be defined in the terms and conditions of the notes , the UniCredit shares issued in the context of the Capital Increase to Serve the Conversion will have regular dividend rights and the same characteristics as UniCredit ordinary shares already outstanding on the issue date.

6. CRITERIA FOR DETERMINING THE ISSUE PRICE OF THE NEW SHARES AND THE CONVERSION RATIO

The Board of Directors exercising the Delegation will define the criteria for determining the conversion price, understood as the price of the shares, in compliance with Article 2441, sixth paragraph, of the Italian Civil Code; at the time of exercise of the Delegation, the fairness opinion on the issue price of the shares themselves will be prepared pursuant to the aforementioned provision and Article 158 of the TUF.

As per common practice, it is possible that the determination of the share price will include the definition of a *floor price* or minimum price. In that case, given that the Contingent Convertible AT1s would be issued in a currency other than the

one in which the Bank's share capital is issued, the determination of the price of any conversion that may occur must also take into account the EUR/USD exchange rate.

7. PRO-FORMA ECONOMIC, EQUITY AND FINANCIAL EFFECTS

The Company will provide adequate disclosure to the market, within the terms prescribed by law, of any economic, equity and financial effects of the Contingent Convertible AT1s that may be resolved upon with the exercise of the Delegation.

It should be noted that neither the granting of the delegation by the Shareholders' Meeting nor the issuance and placement of Contingent Convertible AT1s themselves will give rise to dilutive effects for current shareholders; such effects may instead arise only as a result of the occurrence of the Trigger Event and, therefore, of the Conversion.

In the event of reduction of the Bank's CET1 capital ratio below 5.125% or below the minimum threshold applicable under the regulations in force from time to time, as will be defined in the terms and conditions of the notes, the number of new UniCredit shares to be issued within the scope of the Capital Increase to Serve the Conversion and, therefore, the percentage dilution of current shareholders in UniCredit's share capital will depend on the outcome of the Conversion, as set out in paragraph 1 above, and on the criteria for determining the issue price that will be defined by the Board of Directors, as provided in paragraph 6 above.

In the event of Conversion, bondholders will be allotted a number of UniCredit shares resulting from the Capital Increase to Serve the Conversion determined, as indicated above, on the basis of the value of the bond debt at the Conversion date in relation to the price of the shares, taking into account the EUR/USD exchange rate. Therefore, it is not possible to predetermine the number of shares to serve the Conversion; it can already be confirmed that the share capital increase will correspond exactly to the Bank's bond debt and that the issue price will be formed in compliance with the applicable law provisions, intended to ensure a proper valuation of the shares at the time of their issuance. Such provisions include the issuance of the fairness opinion by the auditing firm, pursuant to Article 158 of Legislative Decree No. 58 of 24 February 1998.

8. AMENDMENTS TO THE ARTICLES OF ASSOCIATION

The granting of the Delegation for the Capital Increase to Serve the Conversion entails the amendment of Clause 6 of UniCredit's Articles of Association, which is subject to the successful completion of the assessment procedure by the European Central Bank pursuant to Article 56 of the TUB.

Set out below is a comparative presentation of the aforesaid Clause 6 in the current text and in the proposed text, noting that the text proposed for insertion is shown in bold type and that the same text will be updated, under the responsibility of the Board of Directors, following the effective exercise of the Delegation, with subsequent repeal of the transitional clause whose insertion is proposed herein and of the clause that will record any exercise of the delegation, as well as final adjustment of the amount of the share capital and the number of shares in Clause 5 of the Articles of Association.

Directors' Report

Extraordinary Shareholders' Meeting - 21 September 2026

UniCredit

3. Proposal to grant the Board of Directors, pursuant to Article 2443 of the Italian Civil Code, with the power, to be exercised within 31 December 2027, to increase the share capital, in one or more tranches and in a divisible form, without pre-emption right pursuant to Article 2441, paragraph 5, of the Italian Civil Code, by issuing maximum no. 10,603,000 ordinary shares, with ordinary rights and the same characteristics as the shares already outstanding on the issue date, whose issuance price shall be determined by the Board of Directors pursuant to applicable laws, to be paid up by way of set-off of the receivables arising from certain Total Return Swap agreements; subsequent amendment of Art. 6 of the Company's by-laws; related and subsequent resolutions

Dear Shareholders,

the Board of Directors of UniCredit S.p.A. (the "**Bank**" or "**UniCredit**") has convened an Extraordinary Shareholders' Meeting on 21 September 2026 at Milan, Piazza Gae Aulenti n. 3, Tower A, in a single call, to submit for your approval the above matter, placed under **item** 3 of the agenda, concerning the proposal to grant the Board of Directors, pursuant to Article 2443 of the Italian Civil Code, the power to increase the Bank's share capital, in one or more tranches, in divisible form, with the exclusion of the option right pursuant to Article 2441, paragraph 5, of the Italian Civil Code, by issuing a maximum number of 10,603,000 ordinary shares, with ordinary rights and having the same characteristics as those outstanding at the issue date, whose issue price will be determined by the Board of Directors in accordance with the law, to be paid up by way of set off with certain receivables arising from the full or partial physical settlement of one or more total return swap agreements (the "**TRS**") entered into by the Bank with certain financial institutions in relation to an aggregate economic exposure equivalent to 3.22% (3.36% in the event of cancellation of Commerzbank treasury shares) of the share capital of Commerzbank AG (the "**TRS Reserved Share Capital Increase**").

The proposal to amend the By-laws concerning the granting of the delegation to the Board of Directors of UniCredit, pursuant to Article 2443 of the Italian Civil Code, to increase the share capital of UniCredit (the "**Delegation**") is described in this explanatory report (the "**Report**"), which was unanimously approved by the Board of Directors on 22 July2026, in accordance with the provisions of Article 2441, paragraph 6 of the Italian Civil Code and Article 125-*ter* of the Legislative Decree of February 24, 1998 n. 58 (the "**Italian Financial Act**").

1. DESCRIPTION OF THE TRANSACTION, REASONS FOR THE PROPOSED DELEGATION OF AUTHORITY, REASONS FOR AND PURPOSE OF THE CAPITAL INCREASE

The TRS Reserved Share Capital Increase is designed to enable the Bank to strengthen its capital by setting off its payment obligation under the TRS with the payment obligation relating to the subscription of new shares, thereby achieving coherency with the way the Commerzbank transaction has been conceived by the Bank in terms of management of the prudential impact of the acquisition. Under the terms of those TRS transactions, upon settlement of such transactions, UniCredit becomes obligated to pay the relevant TRS counterparty (the "**TRS Counterparty**") the initial price for the underlying Commerzbank shares (the "**Initial Price**"). This payment obligation of the Bank corresponds, from the perspective of the relevant TRS Counterparty, to a receivable against the Bank (the "**TRS Receivables**").

The TRS Reserved Share Capital Increase is a cash share capital increase, with exclusion of pre-emption rights, reserved to the relevant TRS Counterparties for the specific purpose of allowing the set-off of the TRS Receivables against the subscription price of the newly issued shares. Accordingly, the TRS Receivables are not contributed to the Bank as an in-kind contribution; rather, the new shares are subscribed for in cash and the TRS Counterparties' obligation to pay the subscription price is discharged by way of set-off against the corresponding TRS Receivables owed by the Bank. This mechanism allows the relevant TRS Counterparties to substantially convert their receivables against the Bank into an equity interest in UniCredit, and allows the Bank to extinguish its corresponding payment obligations without any cash disbursement.

The exclusion of option rights is justified, for purposes of Article 2441, paragraph 5, of the Italian Civil Code, by the corporate interest of the Bank in implementing a settlement structure that enables UniCredit to settle the TRS transactions while extinguishing the related Initial Price payment obligations without any cash disbursement, thereby strengthening its capital, coherently with the way the Commerzbank transaction has been conceived by the Bank in terms of management of the prudential impact of the acquisition. The new shares are therefore to be issued exclusively in favor of the specific TRS Counterparties to the TRS transactions, not because the TRS Receivables constitute an in-kind contribution, but because those TRS Counterparties are the only persons against whom the Bank may set off the TRS Receivables arising from the full or partial settlement of the TRS transactions. The purpose of the transaction is specifically structured to settle the Bank's payment obligations toward those TRS Counterparties through set-off against the subscription price of the newly issued shares and a capital increase reserved to the holder of the TRS Receivables is the only way that the above described corporate interest can be properly satisfied.

The proposed Delegation provides that the TRS Reserved Share Capital Increase may be resolved by the Board of Directors by 31 December 2027, including in multiple tranches and in severable form. As a matter of law, the proposed Delegation entails the exclusion of the option right pursuant to Article 2441, paragraph 5, of the Italian Civil Code, on the basis of the corporate interest described above. The reserved nature of the TRS Share Capital Increase is required solely to permit the set-off mechanism: the newly issued UniCredit shares will be subscribed by the financial institutions holding the TRS Receivables, and the cash subscription price payable by those institutions will be set off against the corresponding receivables owed to them by the Bank.

If granted, upon the exercise of the Delegation, the Board of Directors will determine the share issue price of the new UniCredit Shares pursuant to Article 2441, paragraph 6 of the Italian Civil Code. Please refer to Section 6 below for further information in this regard.

The reason for advancing the proposal to grant to the Board of Directors the Delegation to carry out the TRS Reserved Share Capital Increase is that such option, as opposed to a resolution for capital increase adopted directly by the shareholders' meeting, is more appropriate for guaranteeing the necessary degree of flexibility in defining the terms and conditions of the share capital increase to serve the settlement of the TRS.

For the avoidance of doubt, the Delegation grants the Board of Directors an option - and not an obligation - to carry out the TRS Reserved Share Capital Increase. The Board of Directors retains full discretion as to whether and when to exercise the Delegation, in whole or in part, based on the prevailing circumstances at the relevant time. The TRS Reserved Share Capital Increase represents one of the available settlement mechanisms; alternatively, the Bank may settle the TRS Receivables in cash, without set-off, in whole or in part, should the Board decide not to exercise the Delegation or to exercise it only partially.

2. FINANCIAL INDEBTEDNESS STRUCTURE FOLLOWING THE TRANSACTION

The transaction will not impact the structure of UniCredit's financial indebtedness.

3. INFORMATION ON THE RESULTS OF THE LAST FINANCIAL YEAR AND GENERAL REMARKS ON THE OPERATING PERFORMANCE AND ON THE FORESEEABLE CONCLUSION OF THE CURRENT FINANCIAL YEAR

On March 31, 2026, the ordinary shareholders' meeting of UniCredit approved the financial statements for the year ending December 31, 2025.

Please refer to the report of the Board of Directors with reference to item 1 on the agenda of the ordinary shareholders' meeting, to the financial statement documents as well as to the documents published in relation to the presentation of the 2025 results for full information about UniCredit's results for the year ended December 31, 2025, as well as for information regarding the management and foreseeable conclusion of the current financial year.

In addition, on July 22, 2026, the Board of Directors approved the interim results as of June 30, 2026. Please refer to this report for any further information and updates on the foreseeable conclusion of the current financial year.

4. UNDERWRITING AND/OR PLACEMENT SYNDICATES AND OTHER POTENTIAL MEANS OF PLACEMENT

No underwriting or placement syndicates, or any other means of placement are envisaged given the fact that the Delegation has as its subject matter a reserved share capital increase for the purposes of set off with the TRS Receivables.

5. NUMBER, CATEGORY AND DIVIDEND DATE OF THE NEW SHARES

As mentioned, should the Board of Directors exercise the Delegation, if this is granted by the Extraordinary Shareholders' Meeting, the TRS Reserved Share Capital Increase shall concern the issuance of a maximum of 10,603,000 UniCredit Shares, to be paid up by way of set-off of the receivables from the TRS.

The maximum amount of UniCredit Shares to be issued pursuant to the TRS Reserved Share Capital Increase has been determined by the Board of Directors on a conservative basis, in particular, to ensure that the TRS Reserved Share Capital Increase is sufficient to serve the set-off of the TRS Receivables.

The UniCredit Shares will have regular dividend entitlement and the same characteristics as the ordinary shares of UniCredit already outstanding on the date of issue.

6. CRITERIA USED FOR DETERMINING THE ISSUE PRICE AND THE MAXIMUM AMOUNT OF NEWLY ISSUED UNICREDIT SHARES

The issue price of the UniCredit shares to be issued in the context of the TRS Reserved Share Capital Increase will be determined by the Board of Directors upon the exercise of the Delegation, if granted, pursuant to Article 2441, paragraph 6, of the Italian Civil Code. Upon the exercise of the Delegation, the Board of Directors will also determine the portion of the issue price to be allocated to share capital and the portion to be allocated to the share premium reserve, it being understood that the portion of the issue price to be allocated to share capital shall be substantially equal (as it will be rounded to the second decimal place) to the implied nominal value of the UniCredit shares outstanding as recorded on the date of this Report.

The amount of the TRS Reserved Share Capital Increase will be determined by the Board of Directors with reference to the aggregate amount of the Initial Prices payable by the Bank to the relevant TRS Counterparties in the event of physical settlement of the TRS. Such aggregate amount represents the maximum amount of the TRS Receivables that may be set off against the subscription price of the UniCredit shares to be issued in the context of the TRS Reserved Share Capital Increase.

The maximum number of UniCredit shares that can be issued under the Delegation is equal to n. 10,603,000 new shares, which has been determined as the maximum aggregate amount of the TRS Receivables in light of the aggregate amount due for the Initial Prices of the various TRS, divided by a minimum issue price of UniCredit shares equal to € 57.36 per share, without prejudice to the Board of Directors' authority to determine the final issue price, and therefore the actual number of shares to be issued, at the time of exercise of the Delegation in accordance with applicable law.

An opinion on the fairness of the issue price of the UniCredit shares pursuant to Article 2441, paragraph 6, of the Italian Civil Code and Article 158 of the Italian Financial Act, as subsequently amended will be requested an issued. Such opinion, which will be issued in connection with the resolution of the Board of Directors of UniCredit to exercise the Delegation, if granted, will be made available to the public in accordance with applicable regulations.

Since the TRS Reserved Share Capital Increase is a cash share capital increase with exclusion of pre-emption rights pursuant to Article 2441, paragraph 5, of the Italian Civil Code, and is reserved to the TRS Counterparties solely in order to permit the set-off of the TRS Receivables against the cash subscription price, no independent expert valuation report is expressly required pursuant to Article 2343-ter, paragraph 2, letter b), of the Italian Civil Code. However, the aforementioned valuation constitutes an element suitable to ensure compliance with the principles governing the correct formation of share capital.

It is therefore hereby acknowledged that in the context of the share capital increase approved by the shareholders' meeting on 4 May 2026 to serve voluntary public takeover offer in the form of an exchange offer concerning the Commerzbank shares, the Bank has appointed an independent expert pursuant to Article 2343-ter, paragraph 2, letter b), of the Italian Civil Code for the purpose of valuing the Commerzbank shares to be contributed in kind as result of the exchange tender offer on Commerzbank (the "**Expert Report**"). The Expert Report is expected to be available before the adoption by the Board of Directors of the resolution to execute the TRS Reserved Share Capital Increase and, although not expressly required for the purposes of the TRS Reserved Share Capital Increase, will in any case confirm the value of the Commerzbank shares, taking into account that the underlying of the TRS is made of such shares.

7. SHAREHOLDERS WILLING TO SUBSCRIBE PRO RATA THE NEW UNICREDIT SHARES; ANY UNEXERCISED PRE-EMPTIVE RIGHTS

The subscription to the TRS Reserved Shares Capital Increase can only be made by way of set off of a TRS Receivable. Given this constitutes a reserved capital increase, the pre-emptive right is not attributed by law to the existing UniCredit shareholders.

8. AUTHORIZATIONS

UniCredit will submit (i) the application to the European Central Bank requesting the latter to ascertain that the amendments to the by-laws referred to in this Report do not conflict with the sound and prudent management of UniCredit pursuant to and for the purposes of articles 56 and 61 of Legislative Decree 385 of September 1, 1993 ("**TUB**") and (ii) the application to the European Central Bank requesting the latter to grant its approval for the eligibility of the new shares issued under the TRS Reserved Shares Capital Increase as part of UniCredit's own funds as primary tier 1 capital pursuant to articles 26 and 28 of Regulation (EU) 575/2013 of the European Parliament and of the Council of June 26, 2013.

The effectiveness of the resolution that is the subject of this Report (and the consequent registration of the related amendment to the By-laws in the Companies' Register) is subject to the positive conclusion of the procedure with the European Central Bank, pursuant to and for the purposes of articles 56 and 61 of TUB.

It should be noted that in the event that the European Central Bank's authorization in respect of the proposed amendments to the By-laws is issued after the date on which the resolution of the Extraordinary Shareholders' Meeting is to be adopted, the effectiveness of the latter will be subject to the issuance of such authorization, as it cannot be registered with the Companies' Register until that date. Should instead the European Central Bank's authorization be obtained before the date on which the resolution of the Extraordinary Shareholders' Meeting, UniCredit shall publish a press release to such extent to inform the shareholders.

9. EXPECTED TIMING OF THE TRANSACTION

The execution and implementation of the TRS Reserved Share Capital Increase in exercise of the Delegation is expected to be carried out in due course once the clearance by the European Central Bank pursuant to articles 56 and 61 of the TUB is obtained.

The Board will not, however, be obligated to exercise the delegation, and the decision whether to exercise it, and in what amount, will remain within the Board's discretion.

10. ECONOMIC, EQUITY AND FINANCIAL EFFECTS OF THE SHARE CAPITAL INCREASE AND DILUTIVE EFFECTS

Given the capital increase shall be paid up by way of a set off of the TRS Receivables, the pre-emptive rights are not attributed by law to the existing UniCredit shareholders. The number of new UniCredit shares to be issued under the TRS Reserved Shares Capital Increase and, consequently, the percentage of dilution of existing shareholders in UniCredit's Share capital will depend on the TRS Receivables amount.

Upon execution of the Delegation, the Board of Directors will provide adequate information to the market regarding the economic and financial effects of the transaction, in addition to the effects on the per-share value and the dilution resulting from the transaction.

11. TAX IMPLICATIONS OF THE TRANSACTION ON UNICREDIT

The transaction described in this Report does not give rise to any tax liabilities for UniCredit.

12. SHAREHOLDING STRUCTURE OF UNICREDIT FOLLOWING THE SHARE CAPITAL INCREASE; POTENTIAL EFFECTS ON SHAREHOLDERS AGREEMENTS

As of the date of this Report, based on disclosures received pursuant to Article 120 of the TUF and other information available to UniCredit, shareholders holding more than 3% of UniCredit's ordinary share capital or voting rights are indicated in the following table.

Based on the available information, as of the date of this Report, no entity exercises control over UniCredit pursuant to Article 93 of the TUF, and no shareholder agreements concerning UniCredit are in place pursuant to Article 122 of the TUF.

Given the nature of the TRS Reserved Share Capital Increase, the composition of UniCredit's shareholding structure following the execution of the TRS Reserved Share Capital Increase cannot be determined at this stage.

Regarding the dilutive effects on UniCredit's current shareholders of the TRS Reserved Shares Capital Increase, reference is made to Section 10 above.

13. AMENDMENTS TO THE BY-LAWS

The granting of the Delegation for the TRS Reserved Share Capital Increase requires an amendment to Article 6 of UniCredit's by-laws, which, as previously mentioned, is subject to the successful completion of the authorization process before the European Central Bank pursuant to articles 56 and 61 of the TUB.

The table below provides a comparative illustration of Article 6 in its current text and in the proposed version, noting that the text proposed for insertion is highlighted in bold and that the same text will be updated, under the responsibility of the Board of Directors, following the actual exercise of the aforementioned Delegation. This update will include (i) the inclusion of new transitional clause following the exercise of the Delegation by the Board of Directors, (ii) the cancellation of the transitional clauses following execution of the TRS Reserved Share Capital Increase or expiry of the term for the exercise of the same and (iii) the adjustment of the share capital amount and the number of shares in Article 5 following the TRS Reserved Share Capital Increase.

b) activity of administration or control or executive tasks in the credit, financial, securities or insurance sector;

c) administration or control activities or executive tasks at listed companies or companies whose size and complexity is greater than, or comparable to, that of the Company (in terms of turnover, nature and complexity of the organization or activity carried out);
d) professional activities as a business accountant or lawyer, undertaken primarily in the credit, financial, securities or insurance sector;
e) teaching, as university professor of first or second level, subjects concerning - in the field of law - banking, commercial and/or fiscal law, as well as the running of financial markets and - in the field of business/finance - banking operations, business economics, accountancy, the running of the securities markets, the running of the financial and international markets and corporate finance, as well as other subjects in any way connected with the activities of the credit, financial, securities or insurance sector;

The Chairman of the Audit Committee must:
(i) be listed in the Rolls of Auditors and have exercised the legal auditing of accounts for a period of not less than five years, or
(ii) have exercised, also alternatively, for a period of not less than five years, the activity of legal auditing of accounts or the other activities provided for in current legislation.
3. Without prejudice to the provisions of the regulations in force concerning the independence requirements of Directors, a number of Directors equal to at least the one provided for by the Corporate Governance Code in force from time to time - including all members of the Audit Committee - must possess the independence requirements mentioned in such Code.
4. The Directors' term in office spans three operating years, except where a shorter term is established at the time they are appointed, and ends on the date of the Shareholders' Meeting convened for the approval of the accounts relating to the last operating year in which they were in office.
5. The Directors are appointed by the Shareholders' Meeting on the basis of lists. The legitimate parties who are entitled to submit lists are the Board of Directors and the shareholders, who individually or collectively with others represent at least 0.5% of share capital in the form of shares with voting rights at ordinary Shareholders' Meetings.
Each list must be divided into two sections of names: the first section, containing the candidates for the office of member of the Board of Directors other than the candidates for the office of member of the Audit Committee; the second section, containing only candidates for the office of member of the Audit Committee. In each section, each of the relevant candidates must be listed using a progressive number. Each section of each list containing a number of candidates equal to or more than 3 must introduce a number of candidates belonging to the less represented gender such as to ensure abidance by the balance between genders at least in the minimum quantity required by the provisions, also of a regulatory nature, in being at the time. The first candidate in the second section and at least one other candidate (or the first two, in the case of an Audit Committee consisting of more than three members), must be enrolled in the Rolls of Auditors and have exercised the legal auditing of accounts for a period not less than three years; the first candidate and at least one other candidate must also meet the requirements for the office as Chairman of the Audit Committee.
6. When lists are submitted by the shareholders, the ownership of the minimum shareholding percentage is calculated with regard to the shares registered to each individual shareholder, or to multiple shareholders combined, on the day on which the lists are submitted to the Company. Ownership of the number of shares necessary for filing lists must be proven pursuant to the laws in being at the time; such proof can even be submitted to the Company during or after the time when the lists are filed provided that this occurs prior to the deadline for when the Company must make the lists public.
7. In order to be valid, the lists must be filed with the Registered Office, also through long distance communication means and in accordance with the manner indicated in the notice of the Meeting which allows the identification of the parties that are doing the filing, no later than the deadline provided for by the legislation in force at the time and must be made available to the public, again in the deadline provided for by the legislation in force, at the Registered Office, on the Company's web site and through other channels provided for under prevailing laws. Each legitimate party may submit or contribute to the submission of only one list and, similarly, each candidate may only be included on one list, on penalty of ineligibility.
8. By the deadline for the filing referred to in paragraph 7 above, parties having the right thereto who filed lists must, together with each list, also file any such further document and declaration required by the provisions, also of a regulatory nature, in being at the time as well as:

- for the shareholders, the information on those who filed lists with information on the total percentage of equity investment held;
- information on the personal and professional characteristics of the candidates indicated on the list;
- a statement whereby the individual candidates irrevocably accept the position (subject to their appointment) and attest, under their responsibility, that there are no reasons for their ineligibility or incompatibility respect to candidacy, and that they meet the experience and integrity requirements provided for by current regulatory and other provisions;
- a statement that the independence requirements dictated by these Articles of Association have been met.

Any list that does not meet the above requirements shall be deemed to have not been filed.

9. All those entitled to vote may only vote for one list.

10. Without prejudice to the provisions of the following Article 20-bis, the election of Members of the Board of Directors shall proceed as follows:

a) from the first section of the list obtaining the majority of votes cast shall be taken - in the consecutive order in which they are shown on the list - as much Directors, other than members of the Audit Committee, as to be appointed, decreased of two Directors;

b) from the second section of the list referred to in letter a) above shall be taken, again in the consecutive order, two - or three, if the Committee has more than three members - Directors composing the Audit Committee;

c) the remaining two Directors, other than members of the Audit Committee, shall be taken - in the consecutive order in which they are shown on the list - from the first section of the minority list receiving the highest votes and is not linked in any way, even indirectly, with the shareholders who presented or voted the list which resulted first by the number of votes;

d) the remaining Director member of the Audit Committee - or the remaining Directors, in the event that the Committee is composed of five members - shall be taken, again in consecutive order, from the second section of the list referred to in lett. c) above. The Director indicated in first place in that section shall assume the office of Chairman of the same Committee;

e) if a section of the majority list doesn't reach a sufficient number of candidates for the election of the number of Directors to be appointed - following the mechanism pointed out under lett. a) and/or b) - all the candidates from the section of the majority list shall be appointed and the remaining Directors shall be taken from the corresponding section of the minority list receiving the highest votes and is not linked in any way, even indirectly, with the shareholders who presented or voted the list which resulted first by the number of votes, in the consecutive order in which they are shown on the section of such list;

f) if the section of the minority list receiving the highest votes doesn't reach a sufficient number of candidates for the election of the number of Directors to be appointed the remaining Directors shall be taken in succession from the corresponding sections of the further minorities lists receiving the highest votes, always in the order in which they are shown on the sections of the lists;

g) if the number of candidates included on a section of the majority as well as minorities lists submitted is less than the number of the Directors to be elected, the remaining Directors shall be elected by a resolution passed by the Shareholders' Meeting by a relative majority ensuring the abidance by the independence and balance between genders principles established by the provisions, also of a regulatory nature, in being. If there is a tie vote between several candidates, a run-off will be held between these candidates by means of another vote at the Shareholders' Meeting;

h) if only one list or no list is filed by the shareholders, the Shareholders' Meeting shall deliberate in accordance with the procedures set forth in item g) above;

i) if the minimum necessary number of independent Directors and/or of Directors belonging to the least represented gender is not elected, the Directors of the most voted list who have the highest consecutive number and do not meet the requirements in question shall be replaced by the subsequent candidates, who meet the necessary requirement or requirements, taken from the same section or, missing that, from another section of the same list. Should it prove impossible, even applying said criterion, to single out Directors possessing said requirements, the above substitution criterion will apply to the minorities lists receiving the highest votes from which the candidates elected have been taken;

j) if, even applying the substitution criteria given in the previous lett. i), suitable substitutions have not been found, the Shareholders' Meeting shall resolve by a relative majority. In such circumstances the substitutions shall be effected beginning from the progressively most voted lists and from the candidates bearing the highest progressive number.

11. The revocation of members of the Board of Directors is resolved by the Meeting of Shareholders in the manner provided for by law. The proposal to revoke one or more members of the Audit Committee must explain the reasons and, if submitted by the Board of Directors, it must be adopted with the favourable vote of the absolute majority of all Directors in office and subject to the prior opinion of the internal nomination committee; if the proposal is submitted

by the Audit Committee, it must be adopted by unanimous vote of the other members of that Committee. The revocation of members of the Audit Committee must be duly motivated. The revocation of a member of the Audit Committee implies his/her revocation also as a member of the Board of Directors.
12. In the event of a Director dying or leaving office, in the event of forfeiture or lack, for any other reason, of a Director, other than a member of the Audit Committee, the Board of Directors can take steps to co-opt another Director in substitution, taking into proper account the right of the minorities to be represented. In the above cases, should the minimum number of independent Directors fall below the level established by the Articles of Association and/or should the number of Directors belonging to the least represented gender fall below the level established by law, the Board of Directors shall provide for their replacement.
13. If a member of the Audit Committee ceases to hold office, the Board of Directors, by a resolution approved also by the Audit Committee, shall proceed with the co-optation of the replacement, in accordance with the criteria set out below. The first non-elected candidate of the second section of the list to which the member who has ceased to hold office belonged shall take office in replacement thereof. If, at the time of replacement, the person identified on the basis of the previous criterion does not meet the legal, regulatory or statutory requirements of the departing member, he/she shall be replaced by the next non-elected candidate taken from the second section of the same list and having the same requisites prescribed for the member to be replaced. Should the Chairman of the Committee cease to hold the office, the member taken from the same list of the outgoing member and next in rank in the appointment list who has the necessary requirements shall take the chair. If, for any reason, it is not possible to proceed to the replacement on the basis of the above criteria, the member of the Audit Committee who has ceased to serve shall be replaced by the Meeting of Shareholders to be convened without delay in accordance with the provisions of paragraph 15 below.
14. The members appointed by the Board by co-optation remain in office until the next Meeting of Shareholders.
15. For the appointment of Directors that need to be added to the Board of Directors, resolutions of the Meeting of Shareholders shall be by relative majority, ensuring abidance by the criteria of independence and balance between genders established by the provisions, also of a regulatory nature, in being.

Clause 20-bis

1. The submission of a list by the Board of Directors (the "Board's list") pursuant to art. 20, paragraph 5, shall be resolved with the favourable vote of two-thirds of its serving members and shall be governed by the applicable special legislation in force. Such list shall contain a total number of candidates equal to the number of directors indicated in the proposal to the Shareholders' Meeting submitted by the Board of Directors, increased by one-third, rounded to the nearest unit.
In the event of submission of a Board's list, lists submitted by shareholders containing two or more candidates must indicate a number of candidates belonging to the under-represented gender that ensures compliance with gender balance at least to the minimum extent required by applicable legislation.
The Board's list is also divided into sections in compliance with the provisions of art. 20, paragraph 5.
2. The same special legislation governs the appointment of Directors in the event that the Board's list has obtained the greatest number of votes at the Shareholders' Meeting. Should the Board's list not have obtained the greatest number of votes, the election of Directors shall remain entirely governed by art. 20.
3. If the Board's list is the only one duly submitted, the directors to be elected shall be drawn entirely from that list, following the individual vote by the Shareholders' Meeting provided for by law.
4. If the Board's list has obtained the greatest number of votes among the submitted lists, the minority lists, in descending order of votes received (the "minority lists"), shall in any event be allocated a total number of directors equal to one-fifth of those to be elected, rounded up to the next unit, specifically:
- 4 directors, in the event of a Board composed of 16 to 19 members;
- 3 directors, in the event of a Board composed of 11 to 15 members;
- 2 directors, in the event of a Board composed of 9 to 10 members.
The directors accruing as above to the individual minority lists shall be distributed in proportion to the votes obtained by each at the Shareholders' Meeting, rounded to the nearest unit; should the total votes collected by the minority lists (in a number no greater than two, in descending order of votes obtained at the Shareholders' Meeting) exceed 20% of the total votes cast, the allocation of seats shall take place in favour of the lists that have obtained a percentage of votes of no less than 3%; should the total votes collected by the minority lists (in a number no greater than two in descending order of votes obtained at the Shareholders' Meeting) be no more than 20% of the total votes cast, the allocation of seats shall take place exclusively in favour of the two minority lists that have obtained the most votes at the Shareholders' Meeting.
In the event that one of the minority lists does not present, within a section, a sufficient number of candidates or

candidates possessing the required characteristics, the seats accruing to it shall be attributed to the other minority lists; seats not allocated to the minority lists due to insufficient candidates or lack of required characteristics shall be assigned to the Board's list.
5. In the scenario referred to in paragraph 4, the election of members of the Board of Directors shall proceed as follows:
a) from the second section of the Board's list, two – or three, in the event that the Audit Committee comprises more than three members – Directors who are members of the Audit Committee shall be drawn; the other Directors required to complete the Audit Committee shall be drawn, in sequential order, from the second section of the second (and possibly third) most voted list: the Director listed in the first position in the relevant section of the minority list that obtains the most votes shall assume the office of Chairman of the Audit Committee;
b) the other Directors, other than the members of the Audit Committee, shall be drawn from the first section of the Board's list in a number equal to that required to complete the composition of the Board, reduced by the number of Directors elected from the minority lists remaining once the composition of the Audit Committee has been completed. The elected Directors from the minority lists shall be drawn from the first section of the lists, in sequential order.
The Directors from the Board's list to be elected shall be drawn following the individual vote on each candidate in accordance with applicable law and regulations: those who, separately within each section of the list, have obtained the highest number of votes commensurate with the seats to be assigned shall be elected.
6. For matters not covered by applicable legislation and this article, the provisions of the preceding art. 20 shall apply, to the extent compatible.
7. The board committee with competence in relation to internal controls and risk management shall be chaired by an independent director identified among the elected directors who were not drawn from the Board of Directors' list that obtained the majority.

Clause 21

The Board of Directors elects from amongst its members, for three operating years, unless a different duration is established by the Meeting pursuant to the provisions of Clause 20 above, one Chairman, one or more Deputy Chairmen (including one who acts as a stand-in) and a Secretary, who need not be one of its members. Where absent or impeded, the Chairman is replaced by the Stand-in Chairman. Where both the Chairman and Stand-in Chairman are absent or impeded, the Meeting is chaired by the oldest Deputy Chairman of those in attendance or, where all Deputy Chairmen are absent or impeded, by the oldest Director. Decision on amendments to the s

Dear Sir or Madam,

In response to your application of 25 May 2026, I am writing to notify you that the European Central Bank (ECB) has decided to confirm that the amendments to the statutes of the Supervised Entity summarised below do not jeopardise its sound and prudent management.

This Decision is subject to the condition that the Supervised Entity's extraordinary shareholders' meeting or any other competent body set out in the applicable law approves the amendments.

The Governing Council of the ECB has adopted this Decision, on the basis of a draft proposal of the Supervisory Board in accordance with Article 26(8) of Council Regulation (EU) No 1024/2013[1], pursuant to Article 4(1)(e) and Article 9(1) of Regulation (EU) No 1024/2013, in conjunction with Article 56 of the Italian law on banking[2] and the Banca d'Italia Circular No 229/1999[3], Title III, Chapter 1, Section II.

1. Facts on which this Decision is based

1.1 On 25 May 2026, the Supervised Entity requested the ECB's confirmation pursuant to Article 56 of the Italian law on banking that the proposed amendments to its statutes, as described in paragraph 1.2, do not jeopardise the Supervised Entity's sound and prudent management.

1.2 The proposed amendments to the statutes aim to align the Supervised Entity's statutes with the provisions of Article 147-ter.1 of the Italian Consolidated Law on Finance (TUF), laying down specific rules for cases in which the outgoing board of directors submits a slate of candidates for its renewal.

1.3 The proposed amendments were approved by the Supervised Entity's board of directors on 19 May 2026.

1.4 Following a specific request from the JST, and for the purpose of ensuring closer alignment of the statutes with the applicable regulation, the Supervised Entity submitted a revised version of the

1 Council Regulation (EU) No 1024/2013 of 15 October 2013 conferring specific tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions (OJ L 287, 29.10.2013, p. 63).

proposed amendments on 16 July 2026, which was approved by the Supervised Entity's board of directors on 15 July 2026.

1.5 The proposed revision of the statutes was presented to the board of directors at its meeting held on 10 July 2026. The revised text was subsequently approved, under the authority delegated by the board itself, by the Supervised Entity's management (namely the Head of Group Legal, in agreement with the CEO) on 15 July 2026.

1.6 At the notification date of this Decision, the extraordinary shareholders' meeting of the Supervised Entity has not yet approved the proposed amendments to the statutes.

2. Assessment

2.1 Based on the information summarised in Section 1, the ECB has assessed the envisaged amendments to the statutes against the criteria set out in Article 56 Italian law on banking and the Banca d'Italia Circular No 229/1999.

2.2 The proposed amendments implement the changes introduced by the TUF and related regulations. In particular, they provide for a new article governing the board of directors' list and amend the general provisions on the election of the board of directors to reflect the new framework and ensure the overall consistency of the statutes.

2.3 The ECB notes that the extraordinary shareholders' meeting of the Supervised Entity has not yet approved the proposed amendments to the statutes of the Supervised Entity.

2.4 Based on the above, the ECB concludes that the proposed amendments do not jeopardise the sound and prudent management of the Supervised Entity and that there is no reason to oppose the proposed amendments to the statutes of the Supervised Entity.

3. General

3.1 The ECB has taken this Decision on the basis of the facts provided and statements made by the Supervised Entity. If any of those facts or statements were incorrect or incomplete, or no longer reflect the state of affairs described, this could constitute sufficient grounds to revoke this Decision in full or in part.

3.2 If the Supervised Entity ceases to comply with the requirements on the basis of which this Decision was taken, or fails to fulfil any requirement or ancillary provision set out in this Decision, or if the applicable law changes, and without prejudice to other cases set out in the applicable law providing for revocation, the ECB will consider revoking this Decision in full or in part.

3.3 For the purposes of Article 2436 of the Italian Civil Code, this Decision is without prejudice to any assessment by a public notary or the Companies Register on the conformity of the amendments to the statutes with applicable law.

3.4 This Decision takes effect on the day of its notification to the Supervised Entity.

4. Administrative and judicial review

4.1 A review of this Decision by the ECB's Administrative Board of Review may be requested under the conditions and within the time limits set out in Article 24 of Regulation (EU) No 1024/2013 and
