Update on the refund of the Hungarian carbon dioxide quota tax

MOL Plc. ("MOL") hereby notifies the capital markets of the following:

Pursuant to Section 23 of Act XXXV of 2026 on tax measures necessary for the implementation of the recovery and resilience plan and on amendments to other laws, MOL and its subsidiaries subject to the carbon dioxide quota tax have taken advantage of the opportunity provided by law and submitted requests to the competent tax authority seeking a refund of the previously paid carbon dioxide quota tax.

In light of the requests submitted, MOL and its affected subsidiaries have withdrawn their claims in the previously initiated legal proceedings as disclosed in the investor announcement of 24 July 2026 and are pursuing their refund claims under the new legislative framework.

The expected total amount of the refund is approximately HUF 133 billion (USD 405 million), including the amount of tax claimed for a refund and the related interest. The refund is expected to be paid following the relevant decision becoming final and binding, with payment currently expected to take place in 2026.
