MOL received OFAC license to execute preparatory transactions in relation to NIS acquisition process

MOL Plc. ("MOL") hereby notifies the capital markets of the following:

The U.S. Department of the Treasury's Office of Foreign Assets Control ("OFAC") has granted MOL and MOL Serbia Investment Kft. an additional licence in connection with the potential acquisition of an ownership interest in NIS a.d. Novi Sad ("NIS").

The licence authorises certain transactions necessary for the transfer to MOL Serbia Investment Kft. of Russian-issued securities and related activities, including the obtaining of certain required Russian governmental approvals. The licence is valid until 28 February 2027.

The licence does not authorise the completion of the transaction resulting in the divestment of Russian ownership and control in NIS. Any such completion would require separate authorisation from OFAC.
